# Brief Introduction

FANZA is a popular Japanese streaming video website that enables you to watch up to 4K videos, and even VR videos with special VR devices. You could even download FANZA videos for offline watching as long as you have downloaded and installed DMM Player v2, a player that can play videos downloaded from FANZA website (https://www.dmm.co.jp/) on Windows, Mac, and other computers. Without DMM Player v2, you can't play back the downloaded FANZA videos due to DRM protection.

However, with CleverGet FANZA Downloader, you don't need to download and install DMM Player V2, and worry about the DRM protection any more. CleverGet FANZA Downloader helps you easily download and convert FANZA videos to MP4/MKV files at 4K/1080P/720P for unlimited offline watching on any MP4/MKV compatible players and devices.

**Main features of CleverGet FANZA Downloader**:

1. Download videos from FANZA at 4K/1080P/720P resolution.
2. Download and convert FANZA videos to MP4/MKV files.
3. Save FANZA video metadata like title, length, size, quality, bit rate, etc.
4. Built-in browser to play and watch FANZA videos.
5. Watch FANZA videos offline on any MP4/MKV compatible devices and players.

# How to Purchase and Register CleverGet FANZA Downloader

## 1. Differences between Free Trial Version and Registered Version

CleverGet FANZA Downloader provides a 30-day free trial version, during which you could download up to 3 videos from FANZA website. Once the free trial version expires, the download function will be unavailable, but you could still use it to search, play and watch online videos. To break the limitation of free trial version, you need to activate and register CleverGet FANZA Downloader.

## 2. How to Purchase CleverGet FANZA Downloader License

To register CleverGet FANZA Downloader, you need to firstly purchase a license. The registration license includes 2 types: 1-year code and lifetime code. You could purchase CleverGet FANZA Downloader license from either CleverGet website or program easily.

A. Purchase license code from CleverGet website directly:

1. On the CleverGet FANZA Downloader product page, click the "Buy Now" button to go to the purchase section. Then choose license type and proceed to complete the payment. The license code will be sent to your E-mail box in no time.
2. Or directly open purchase page of CleverGet and then select CleverGet FANZA Downloader module and validation before you click "Check Out Now" button to proceed and complete the payment.

B. Purchase license from CleverGet program interface:

3. On CleverGet program, click the three-dot icon ••• and then open the "Buy Now" option on the drop-down menu to open the purchase page of CleverGet. Then choose the module(s) and validation to proceed as mentioned above.

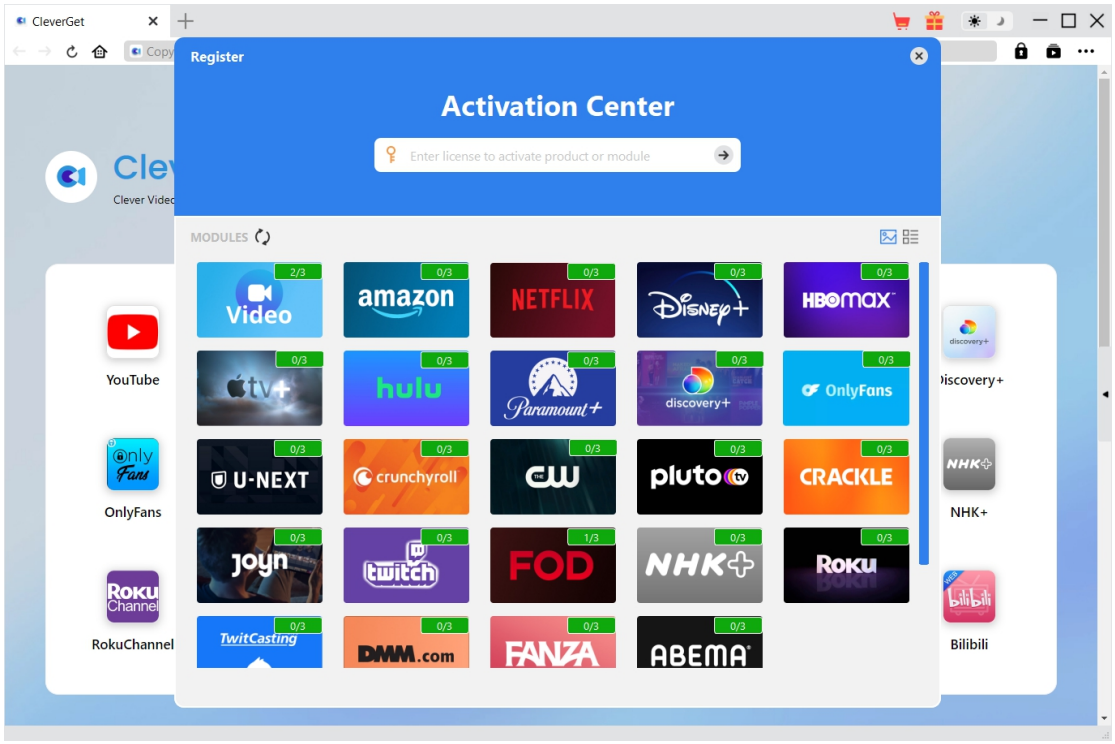
4. Or, click the "Activate" button on CleverGet program to enter "Activation Center". Choose the modules you want to purchase and then click "Buy Now" button. On the purchase page of CleverGet modules, choose the right module and validation and then complete the payment.
5. Or, if you have already purchased and activated CleverGet modules, on the "Registration Center" interface, you could see "Renew" button right next to any activated module, by clicking which you could purchase a renewal license code to renew the usage.

**Note**: You could purchase license of any other modules of CleverGet in the ways mentioned above. The more modules you purchase, the higher discount you get.

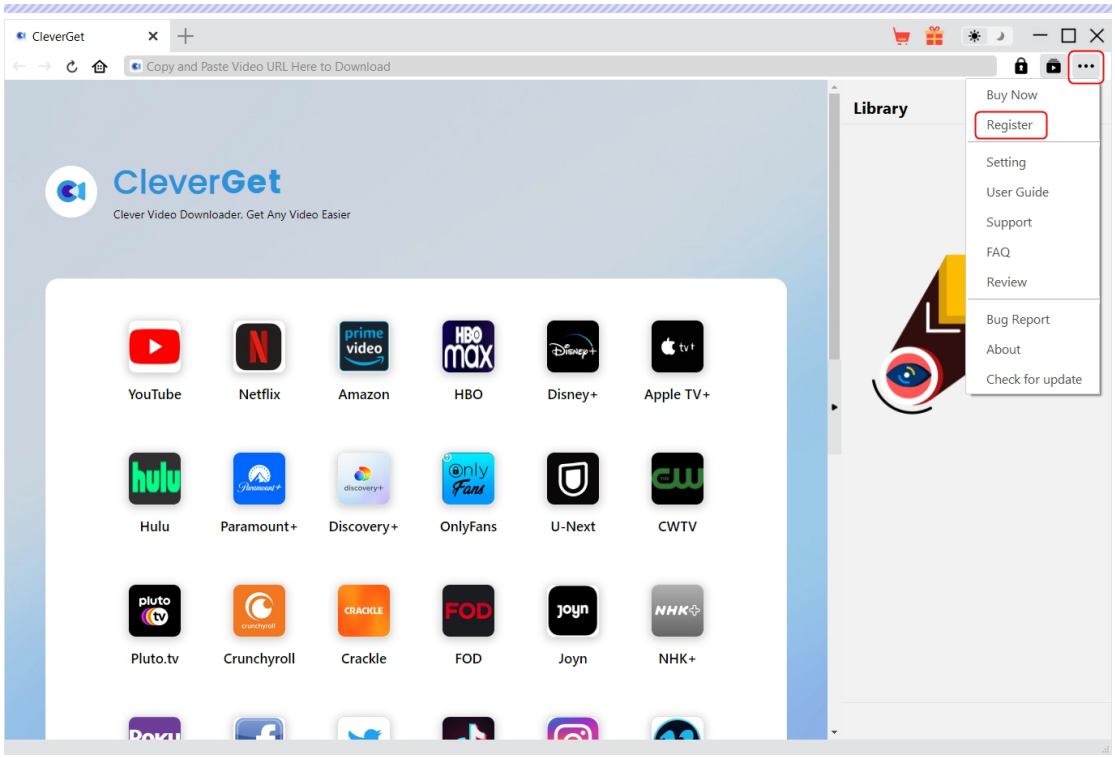
## 3. How to Activate CleverGet FANZA Downloader

After purchasing license, open your email box and copy the license code. Then, register and activate CleverGet FANZA Downloader module in the below ways:

A. On CleverGet program, click the "Activate" button to enter "Activation Center". Copy and paste the registration code into the code box. Press "Enter" key on keyboard or click button to activate.



B. Or, on CleverGet program, click the three-dot icon and then click the "Register" option to enter "Activation Center" for activating CleverGet FANZA Downloader with valid registration code you've already purchased.



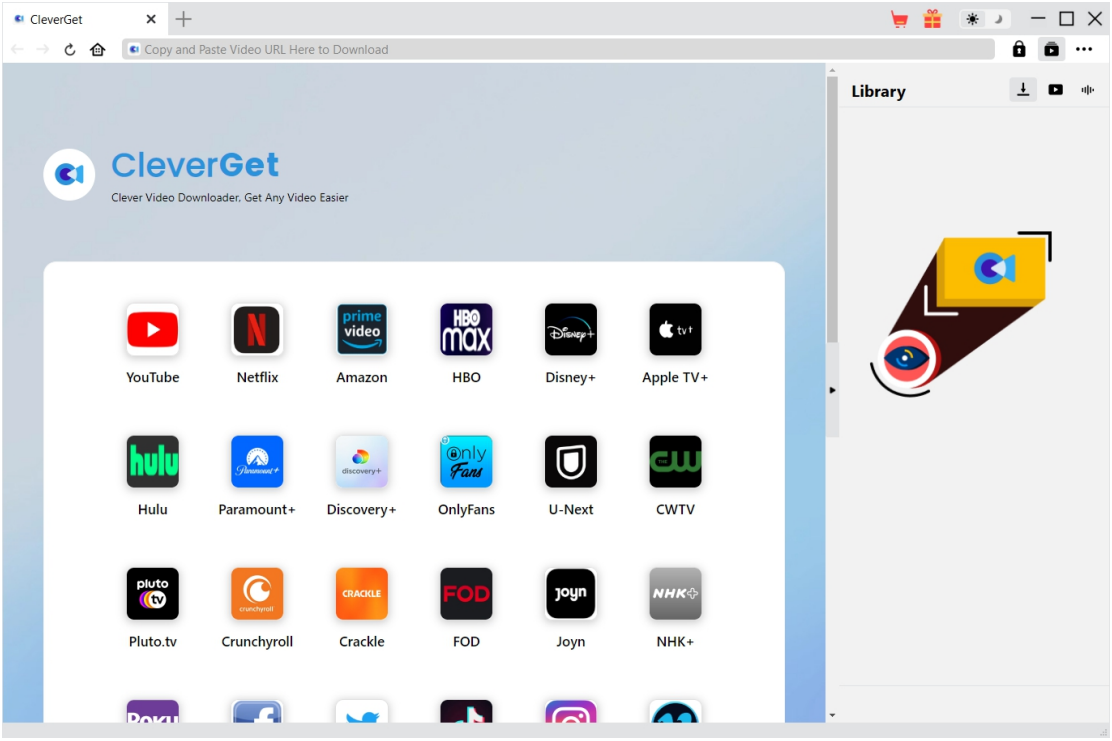
**Note**: Make sure your computer is well connected to the Internet for license activation.

# How to Download Videos from FANZA?

With CleverGet FANZA Downloader, you could download videos from https://www.dmm.co.jp/ at 4K/1080P/720P quality. How to download videos from FANZA website with CleverGet? Check the below guide to learn the detailed steps.

## Step 1: Download and Install

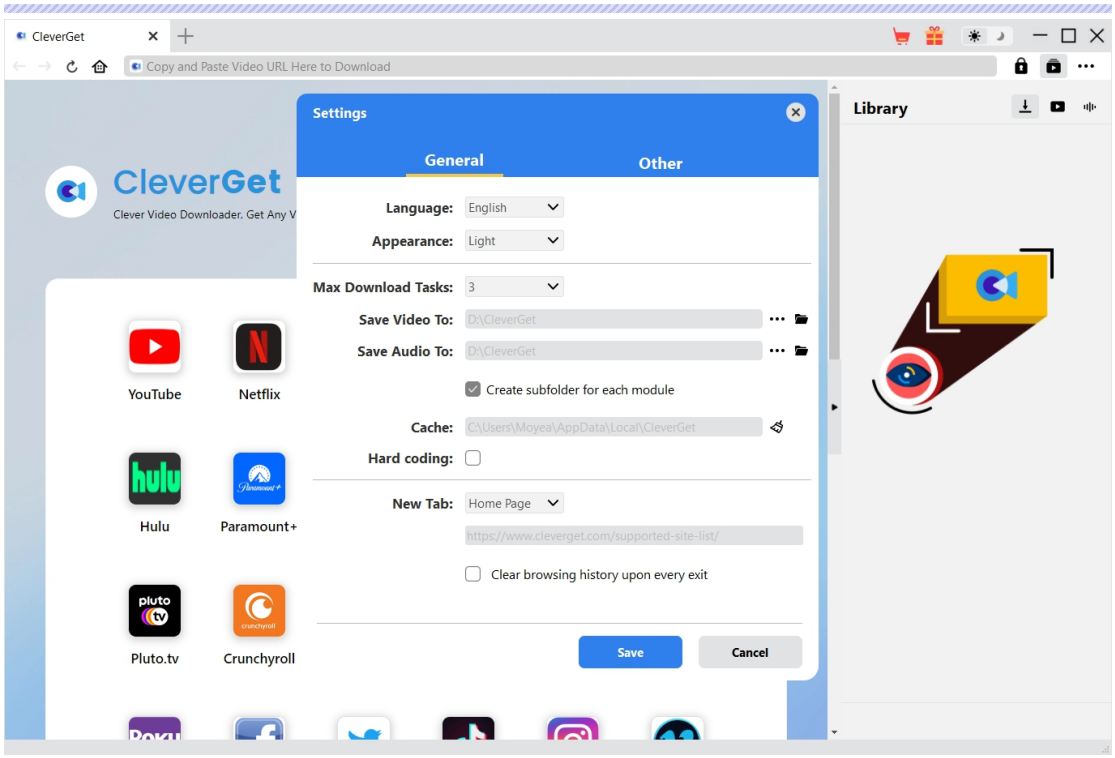
Firstly, free download and install CleverGet FANZA Downloader on your computer. It's clean and safe to download and install. Make sure to download and install the right version according to your computer OS. It's available in both Windows and Mac versions.



**Note**: CleverGet FANZA Downloader is built in CleverGet program as a module.

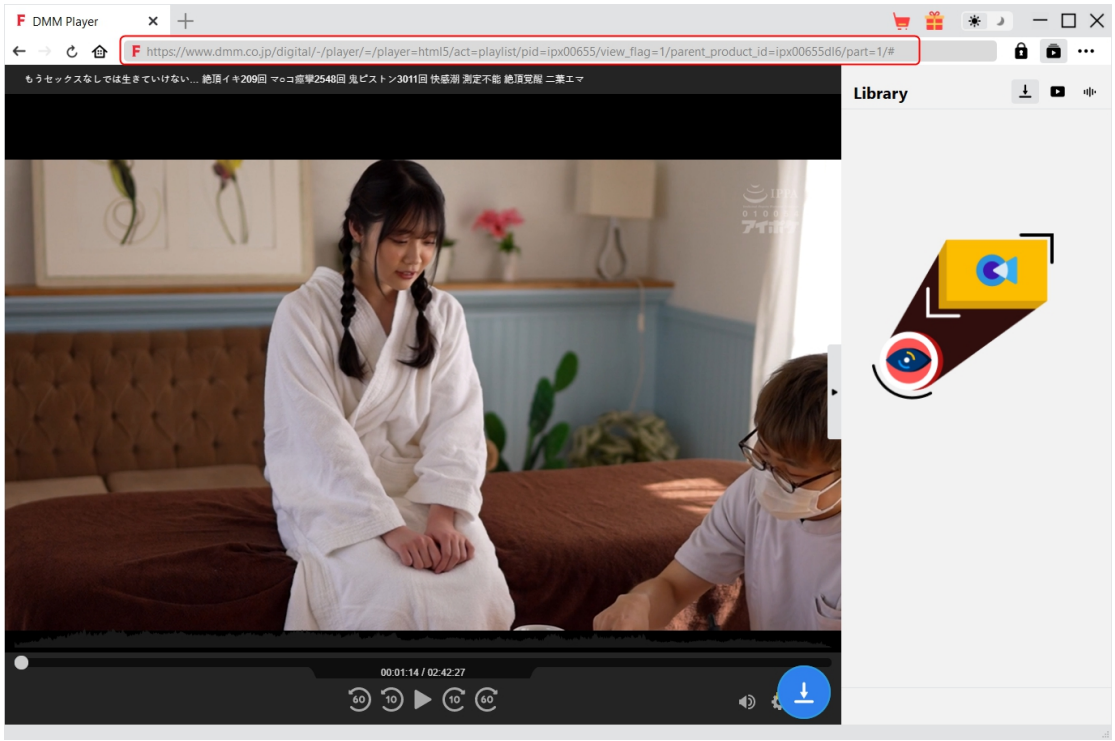
## Step 2: Set Output Directory

CleverGet offers default settings for online video downloading, but allows you to change the directory. On CleverGet program, click the three-dot icon ••• and then click "Settings" option to open "Settings" panel. Under "General" tab, you can set output directory in the "Save Video To" box, change other settings like program UI language, appearance, max download tasks, etc. Checking "Create subfolder for each module" option will save online videos in sub-folder of corresponding modules. Finally, click "Save" button.



## Step 3: Log in FANZA and Play Back Target Video

Open and log into the FANZA website within CleverGet. Search for target video for downloading from FANZA website. Play back the FANZA video you want to download.

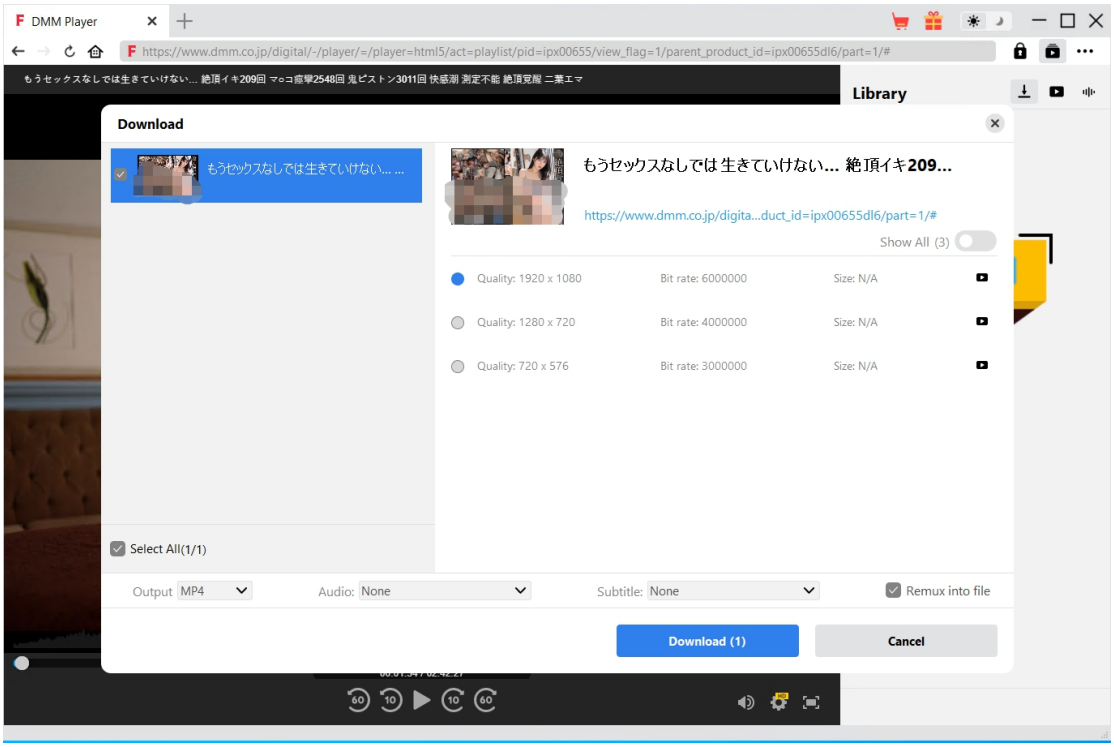


**Note**: Make sure the video you are going to downloaded is being played back before you let CleverGet parse the FANZA video URL. Meanwhile, if you want to download the full FANZA video,

you need to purchase the FANZA video beforehand, otherwise you only download the trailer.

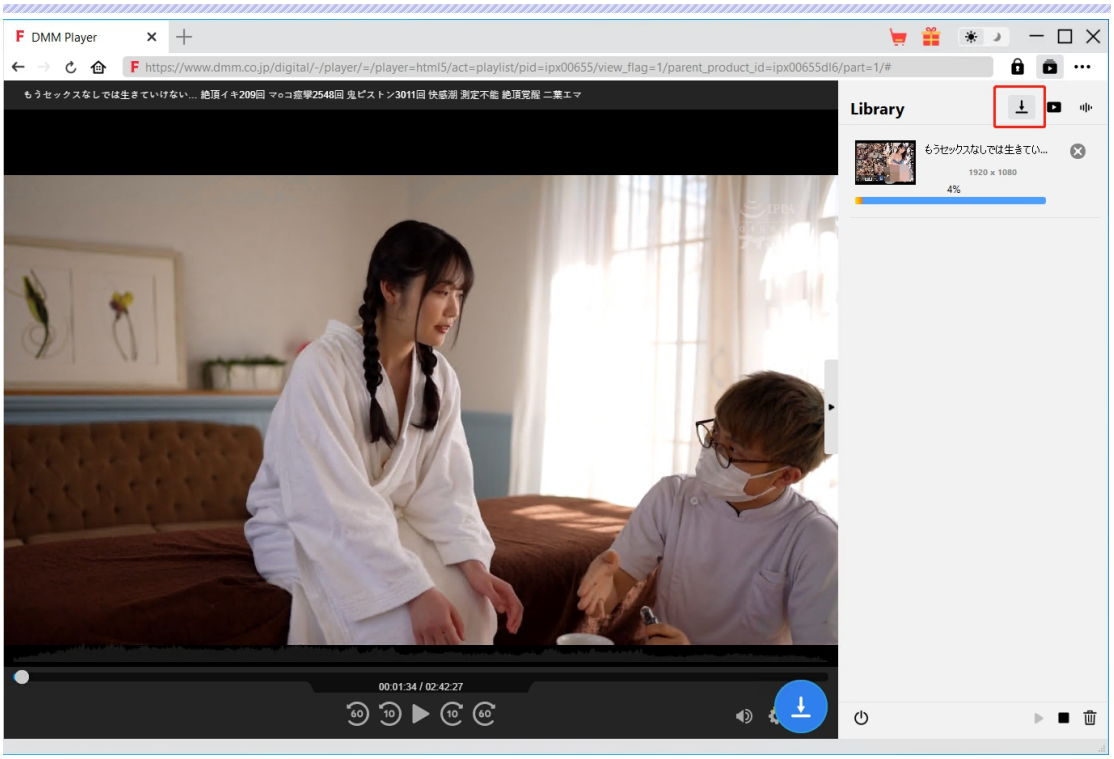
## Step 4: Select FANZA Video and Download

Once you have started playing back the target FANZA video, there will be a download icon at the bottom right corner, by clicking which you could let CleverGet FANZA Downloader parse the video URL. If CleverGet FANZA Downloader successfully parses the video, it will pop up a "Download" interface with all available download options in different quality/resolution, frame rates and sizes. Choose the one you want to download, decide the output format, subtitle and audio track if available in independent file, and then click the blue "Download" button to start downloading FANZA videos.



## Step 5: Check Downloading Progress

On the right sidebar, CleverGet shows you the downloading progress under the "Downloading" tab. You could cancel or delete downloading task anytime you like.



## Step 6: Check Downloaded FANZA Videos

After downloading completes, you will be guided to the “Video” tab , which includes all downloaded videos. Here, you could click “Play” button on the thumbnail of downloaded file to play it back with your default media player, play it with Leawo Blu-ray Player, burn to Blu-ray/DVD, delete it, or open source web page.

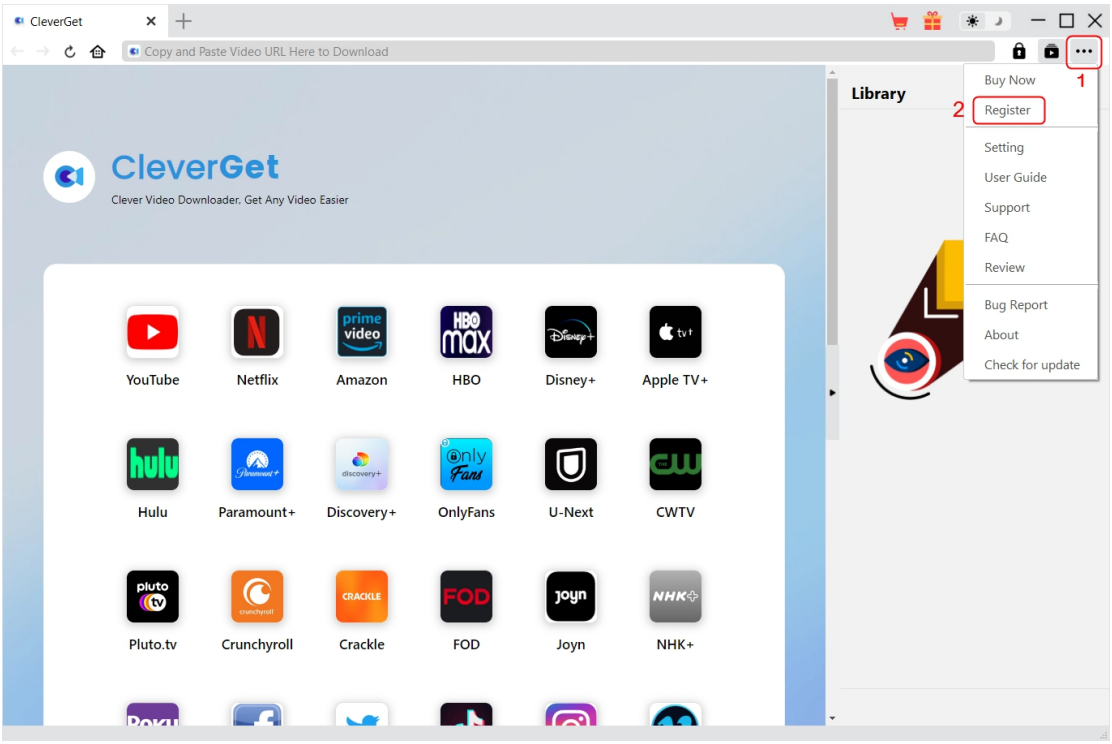
# How to Set CleverGet FANZA Downloader

On the top right corner of CleverGet, click the three-dot icon and then you could see a drop-down menu, which includes multiple options: Buy Now, Register, Settings, User Guide, Support, FAQ, Review, Bug Report, About and Check for update. Click any option to get help you need.



Also, CleverGet allows you to change default settings for better experience. To change the default settings of CleverGet, click the "Settings" option on the drop-down menu to enter "Settings" panel.

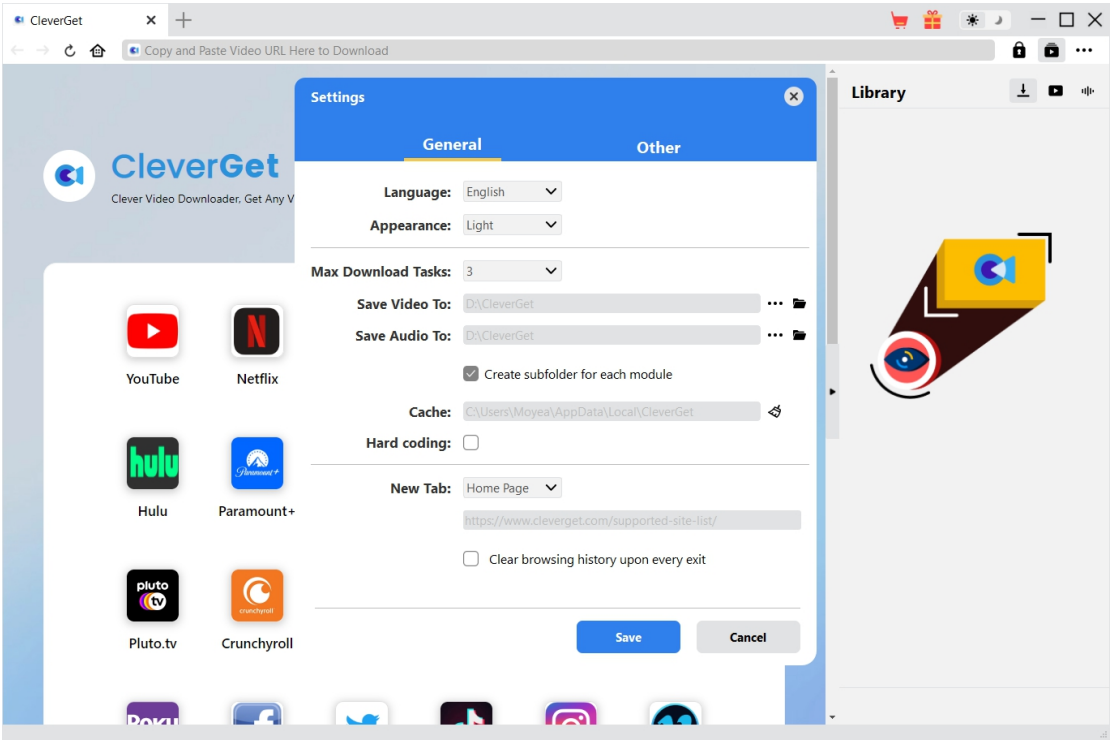
## General Tab

In the "General" tab, you can find almost all default settings to improve your downloading experience. Here we have:

1. **Language**: Change interface language from English, Chinese (Simplified), Japanese, German, and French.
2. **Appearance**: Switch between light and dark modes. Or, change it directly by clicking "Light/Dark Mode" icon on the main interface.
3. **Max Download Tasks**: Decide how many tasks CleverGet could process at the same time, from 1 to 5.
4. **Save Video To**: View default directory for saving downloaded videos, and change it according to personal preferences.
5. **Save Audio To**: View default directory for saving downloaded audios, and change it according

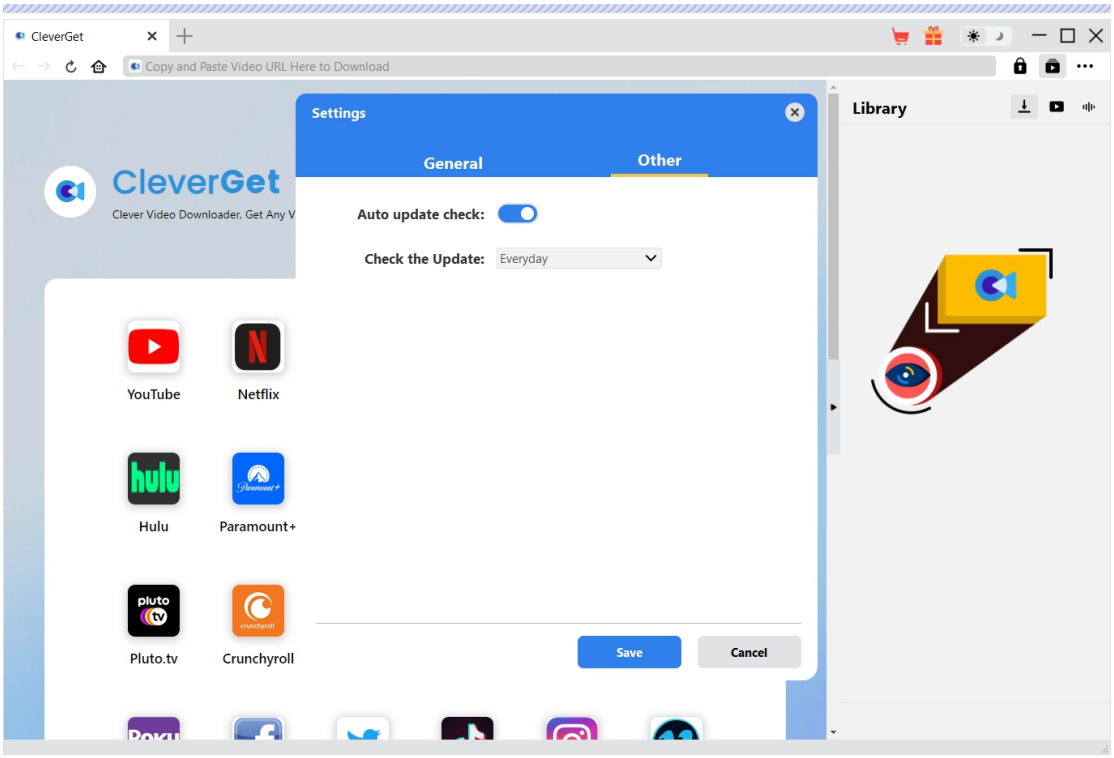
to personal preferences.

6. **Create subfolder for each module**: Automatically create subfolders for all modules if checked. Save and classify downloaded videos to corresponding module's subfolders.
7. **Cache**: Show you the program browser cache address, and access to clear cache in one click, aiming to help fix issues like program crash, program getting stuck, etc.
8. **Hard coding**: Check this to use your GPU graphics card for coding the downloaded file, which is much faster but has higher requirement on computer hardware configuration.
9. **New Tab**: Choose to open a new tab to home page, default page or blank page.
10. **Clear browsing history upon every exit**: Check to let CleverGet clear browsing history every time CleverGet program is closed.



## Other Tab

Open Other tab to enable/disable "Automatic Update" feature and set frequency that you suppose CleverGet to check for update within "Check the Update" button.



After all settings are finished, remember to click “Save” button to save all changes.
