## How to Download Videos from FOD for Offline

### Watching?

How to download FOD videos with CleverGet FOD Downloader? Follow the below guide to learn how to download videos/movies from FOD for offline watching.

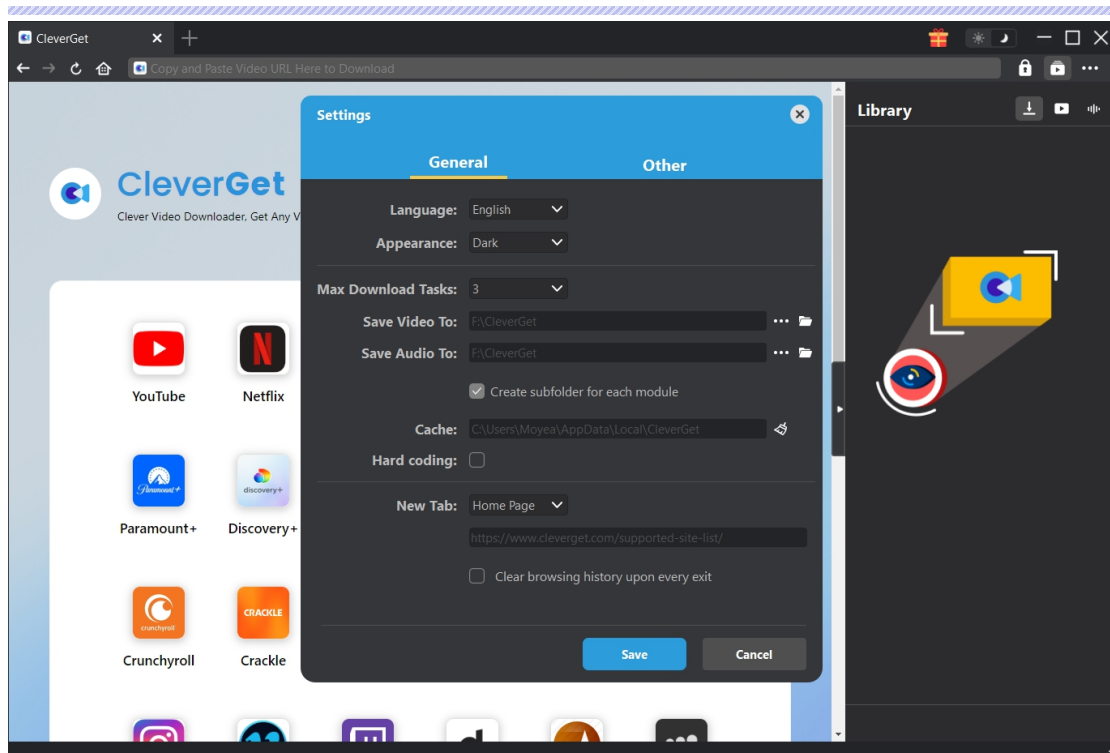

### Step 1: Download and Install CleverGet FOD Downloader

The first thing is to download and install CleverGet FOD Downloader on your computer. CleverGet FOD Downloader is a module built in [CleverGet](#) program. Start CleverGet on your computer after installation completes.

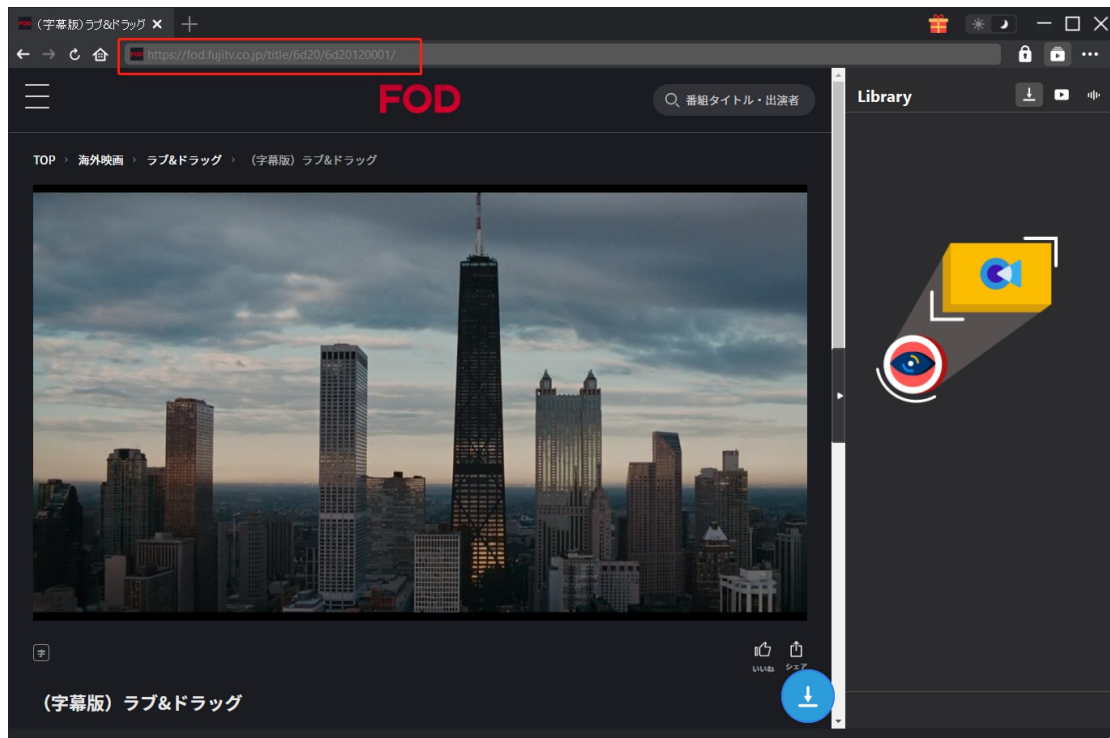

### Step 2: Set Output Directory

On CleverGet, click the three-dot icon **⋮** and then click "Settings" option on the drop-down menu. On the pop-up "Settings" window, under "General" tab, set output directory in the "Save Video To" and "Save Audio To" boxes and change other settings like program UI language, appearance, max download tasks, etc. If you check "Create subfolder for each stream service" option, CleverGet will generate a "FOD" folder in the target directory for saving downloaded FOD videos. After that, click the blue "Save" button to save settings and quit Settings panel.

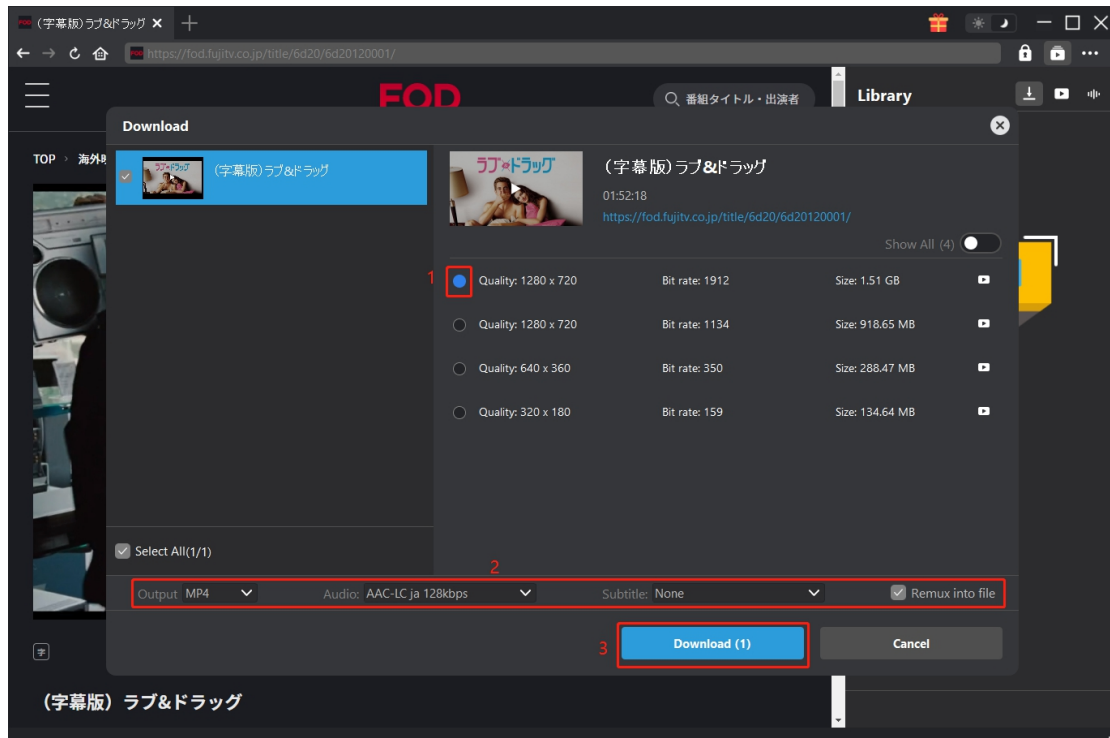

### Step 3: Copy and Paste FOD Video URL to CleverGet

Directly copy and paste FOD video URL into the address bar of CleverGet program to open, play and download. Or, you could also open [fod.fujitv.co.jp](https://fod.fujitv.co.jp) homepage within CleverGet, and then search for target video for downloading.

## Step 4: Select FOD Video Download Option

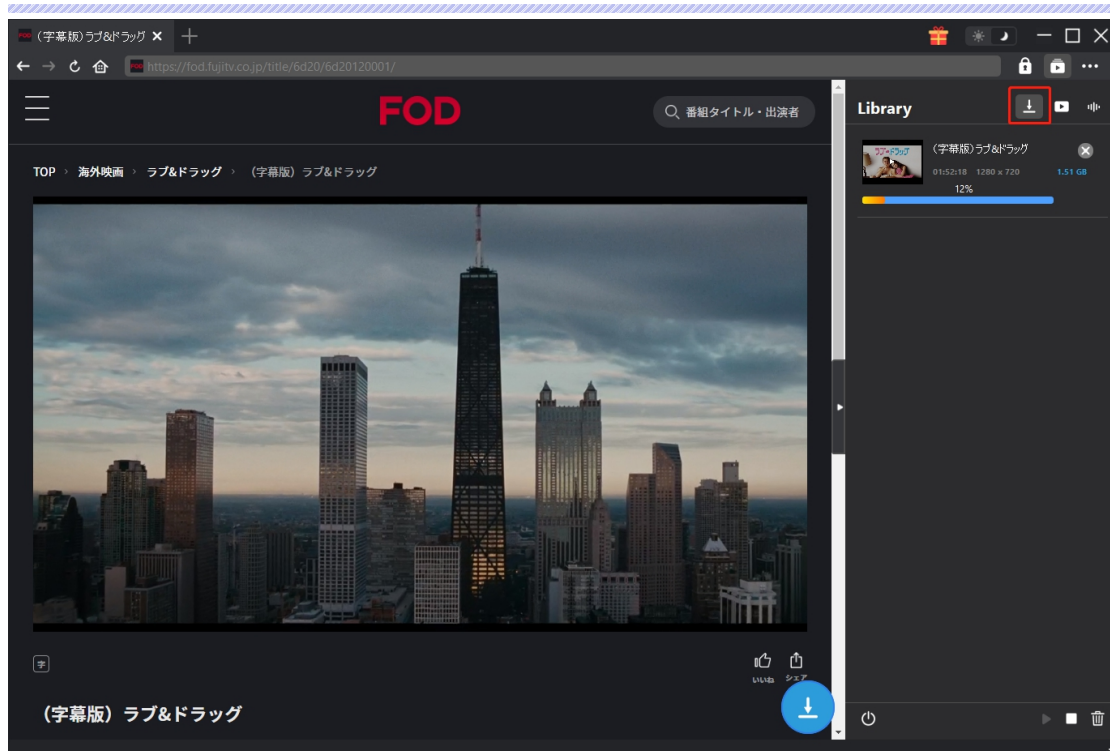

Once you have entered the playback page of target FOD video, click the download icon  at the bottom right corner to let CleverGet FOD Downloader start parsing target FOD video page. When the parse completes, there will pop up a “Download” interface that list all available download options in different quality/resolutions, bit rates and sizes, subtitles and audio tracks. Choose the one you want to download, and then decide output format, audio tracks and subtitles. Afterwards, click the bottom blue “Download” button to start downloading FOD videos.

## Step 5: View Downloading Process

Then, there will pop up a sidebar on the right showing you the downloading progress. Click “Downloading” icon  to check out the downloading progress. Click “Close” icon  to end and delete the task anytime you like.

## Step 6: View Downloaded FOD Videos

All downloaded tasks will show up in the “Downloaded” library. On the “Downloaded” tab, you could click “Play” button on the thumbnail to play it back, click “Open Folder” icon to open file location, play with [Leawo Blu-ray Player](#), delete it, or open source web page.

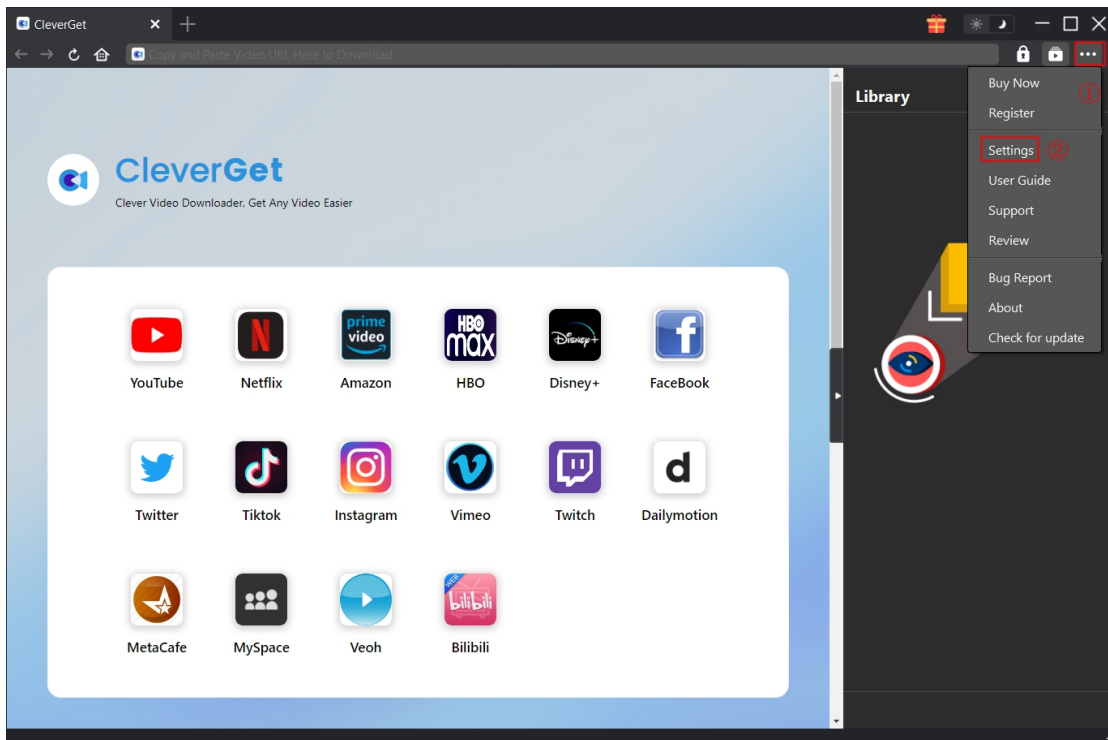

The screenshot shows a web browser window with the following elements:
