## How to Purchase and Register CleverGet Joyn

### Downloader

#### 1. How to Purchase CleverGet Joyn Downloader

CleverGet Joyn Downloader provides both free and registered versions. With the free version, you could only download 3 videos from Joyn.de. But the registered version has no limit. The registration includes 2 types: 1-year activation and lifetime activation. You need to firstly purchase a registration license before you could register CleverGet Joyn Downloader.

You could purchase 1-year or lifetime license from CleverGet website:

1. Navigate to the [CleverGet Joyn Downloader product page](#) and then click the “Buy Now” button, then choose license type and proceed to complete the payment.
2. Or directly open [purchase page of CleverGet](#) and then select CleverGet Joyn Downloader module and validation according to your needs before you click “Check Out Now” button to proceed and complete the payment. The license code will be sent to your E-mail box in no time.

Alternatively, you could purchase CleverGet Joyn Downloader from CleverGet program interface by following the below methods:

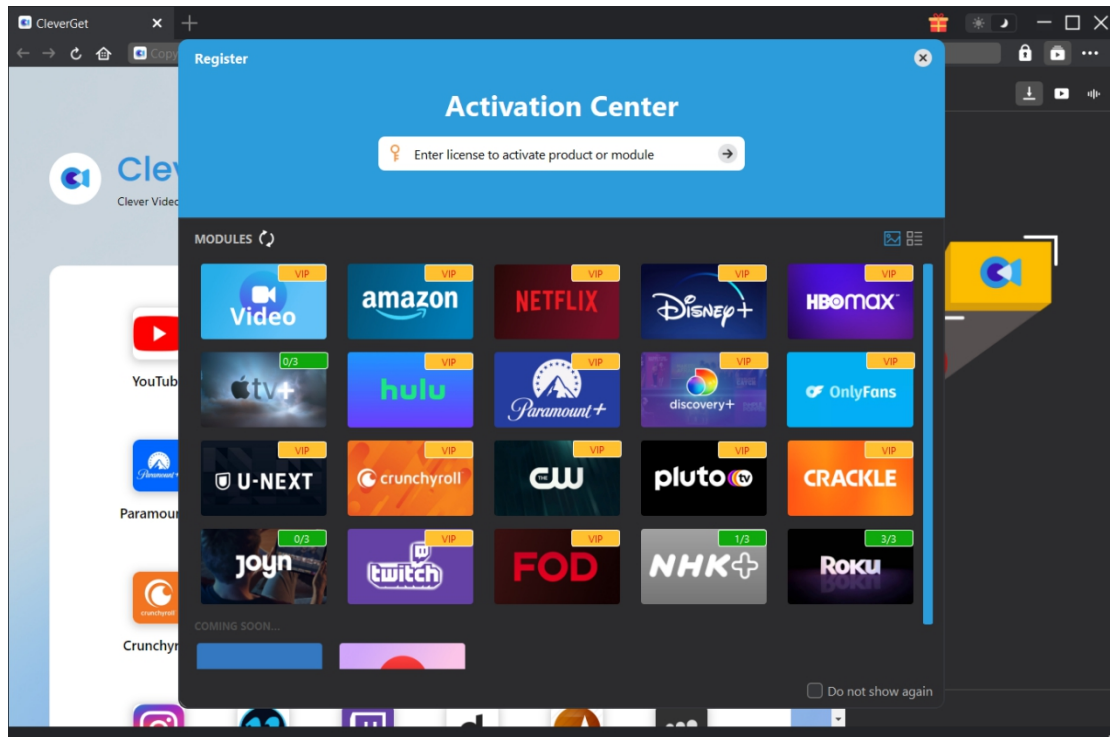

3. On CleverGet program, click the three-dot icon  and then open the “Buy Now” button on the drop-down menu to enter the purchase page of CleverGet. Then choose the module(s) and validation to proceed as mentioned above.
4. Or, click the “Activate” button  on CleverGet program to enter “Activation Center”. Choose the modules you want to purchase and then click “Buy Now” button. On the purchase page of CleverGet modules, choose the right module and validation and then complete the payment.
5. Or, if you have already purchased and activated CleverGet modules, on the “Registration Center” interface, you could see “Renew” button right next to any activated module, by clicking which you could purchase a renewal license code to renew the usage.

**Note:** You could purchase license of any other modules of CleverGet in the ways mentioned above. The more modules you purchase, the higher discount you get.

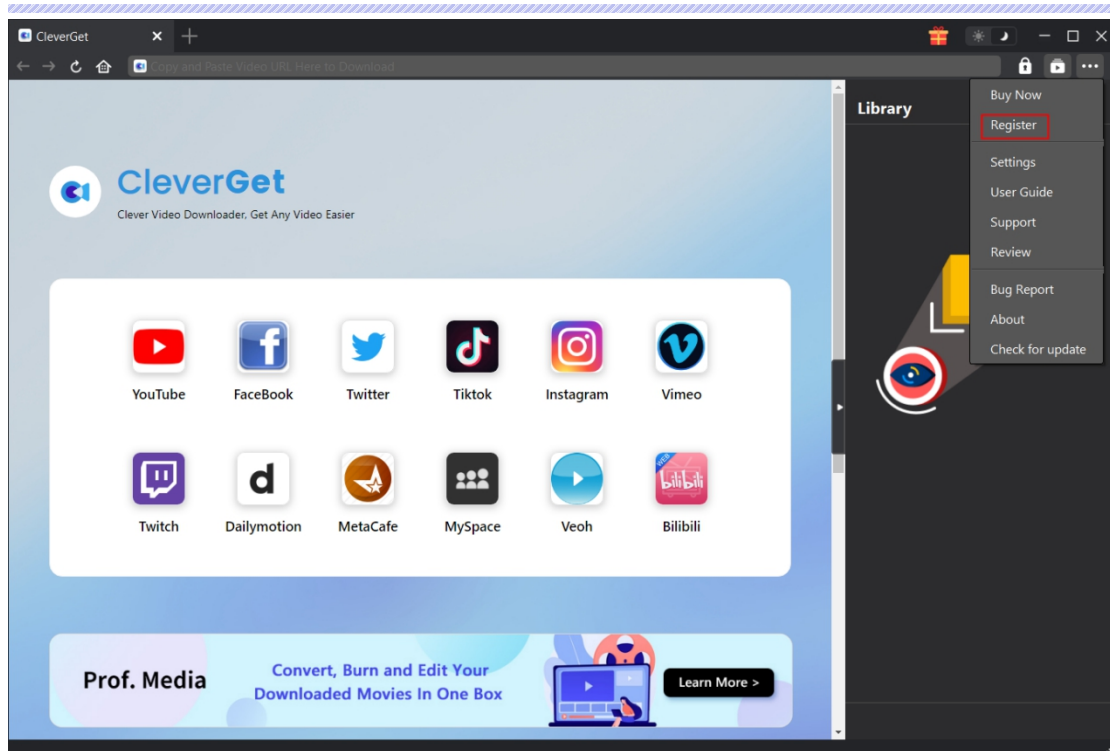

#### 2. How to Activate CleverGet Joyn Downloader

Once you have completed the license purchase, the license code will be emailed to you. Check your email boxes to get the license code. Now you could copy and paste the license code to register and activate CleverGet Joyn Downloader module in 2 ways as listed below:

A. On CleverGet program, click the “Activate” button  to enter “Activation Center”. Copy and paste the registration code into the code box. Tap “Enter” key on keyboard or click  button to activate.

B. Or, on CleverGet program, click the three-dot icon  and then click the “Register” option to enter “Activation Center” for activating CleverGet Joyn Downloader with valid registration code you’ve already purchased.

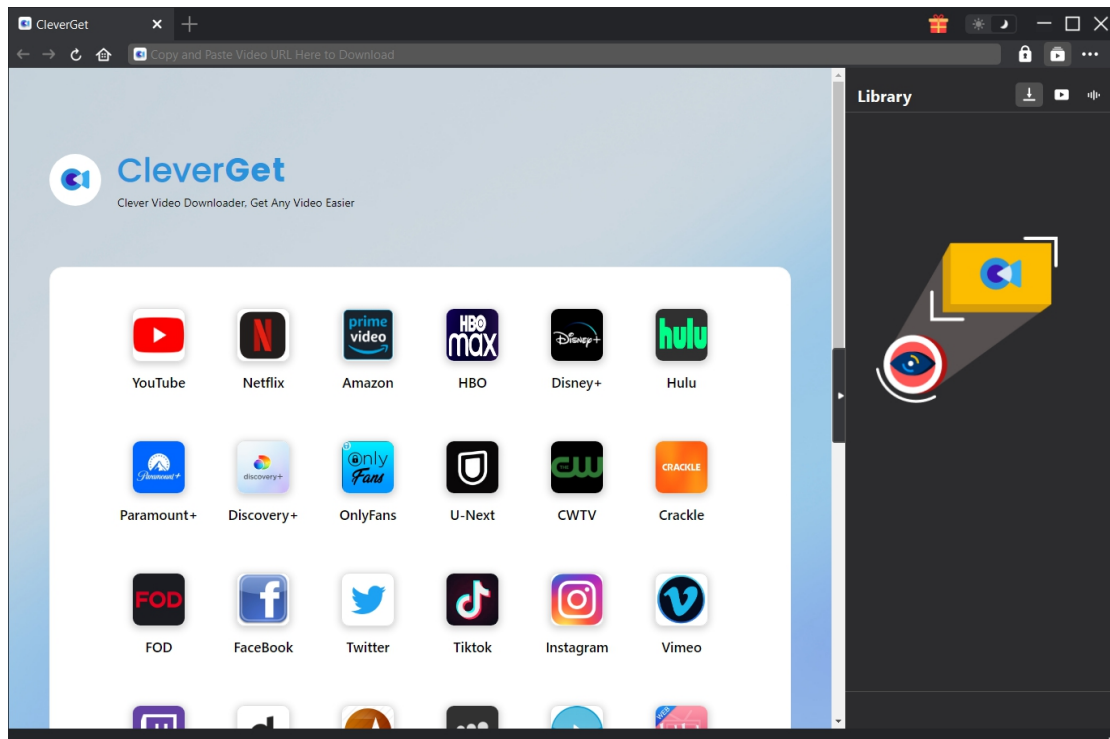

**Note:** Make sure your computer is well connected to the Internet for license activation.

## How to Download Videos from Joyn.de?

As a professional Joyn video downloader, CleverGet Joyn Downloader helps you download on-demand videos like movies, sport videos, and TV series from Joyn.de at up to 1080P resolution with subtitles and audio tracks, if ever provided. Follow the below guide to learn how to use CleverGet Joyn Downloader to download videos from Joyn.de.

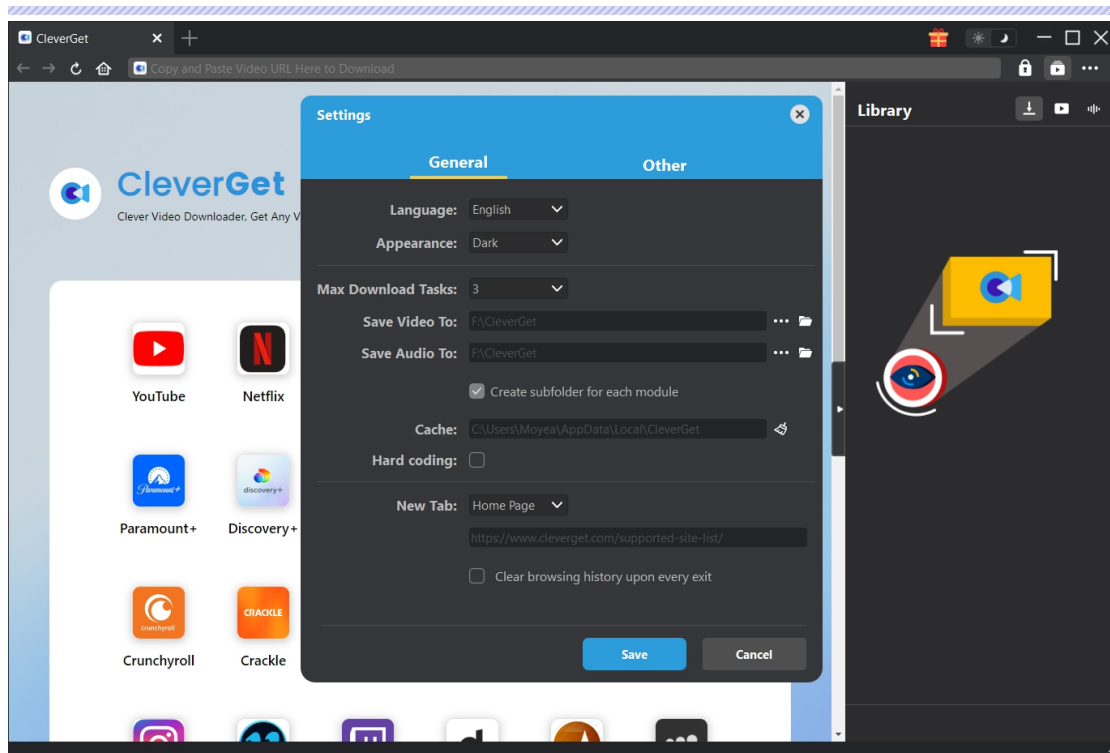

### Step 1: Download and Install CleverGet Joyn Downloader

Firstly, free download and install CleverGet Joyn Downloader on your computer according to your computer OS. Kick it off after installation completes. CleverGet Joyn Downloader is a module built in [CleverGet](#) program.

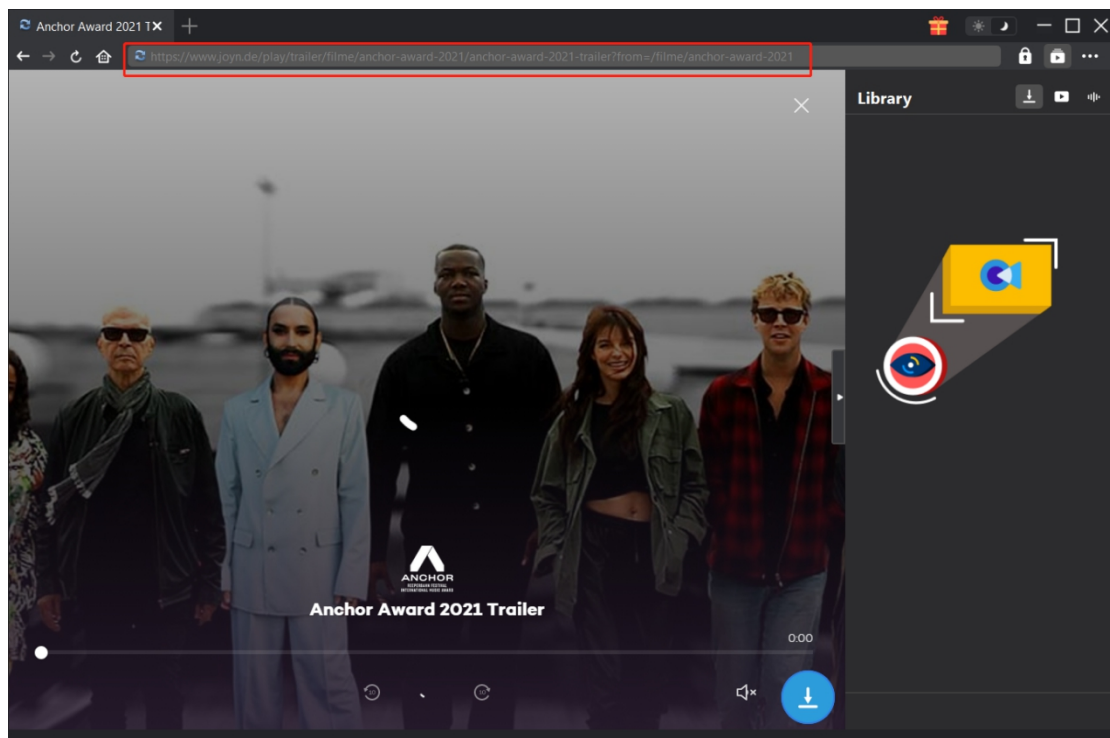

### Step 2: Set Output Directory

On the top-right corner of CleverGet program, click the three-dot icon **...** and then click "Settings" option to open "Settings" panel. Under "General" tab, you can change the default download directory in the "Save Video To" box. Checking "Create subfolder for each module" option will save online videos into sub-folder of corresponding modules. You could also adjust other settings like language, appearance, clearing cache, clearing browsing history upon every exit, etc. Finally, click "Save" button.

### Step 3: Log in Joyn.de and play target video

Open and log into the Joyn.de website within CleverGet, and browse or search for target video to download. Play back the Joyn video you want to download.

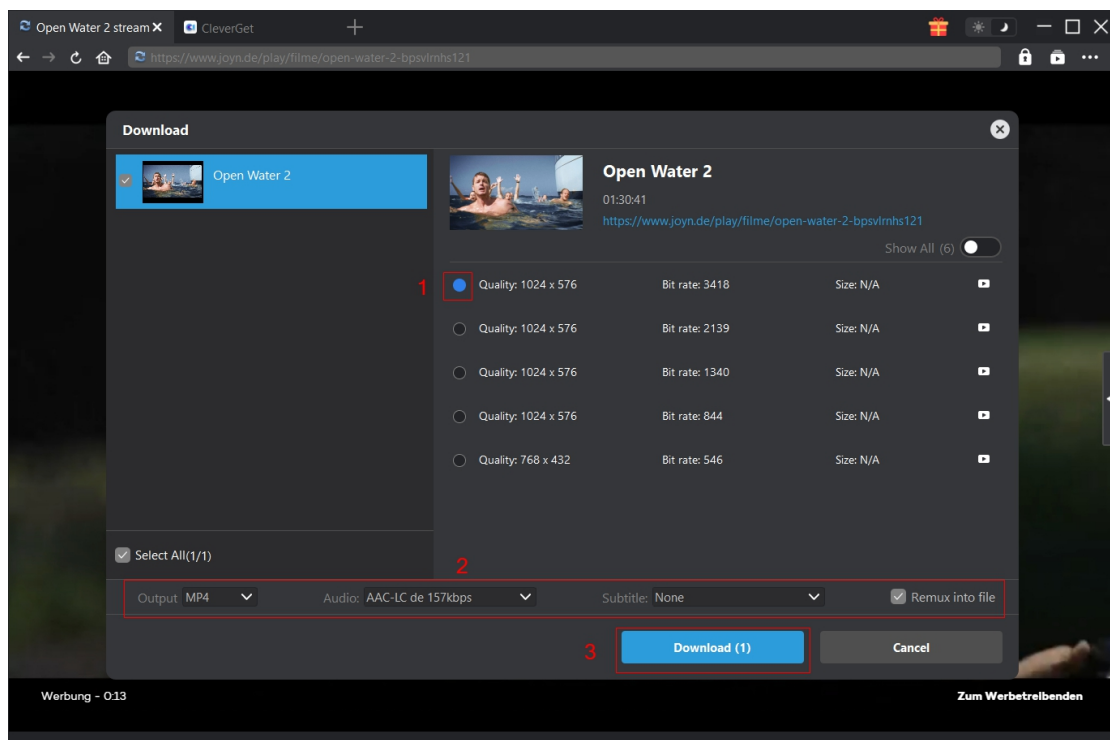

**Note:** Make sure the video you are going to download is being played back before you let CleverGet parse the Joyn.de video URL.

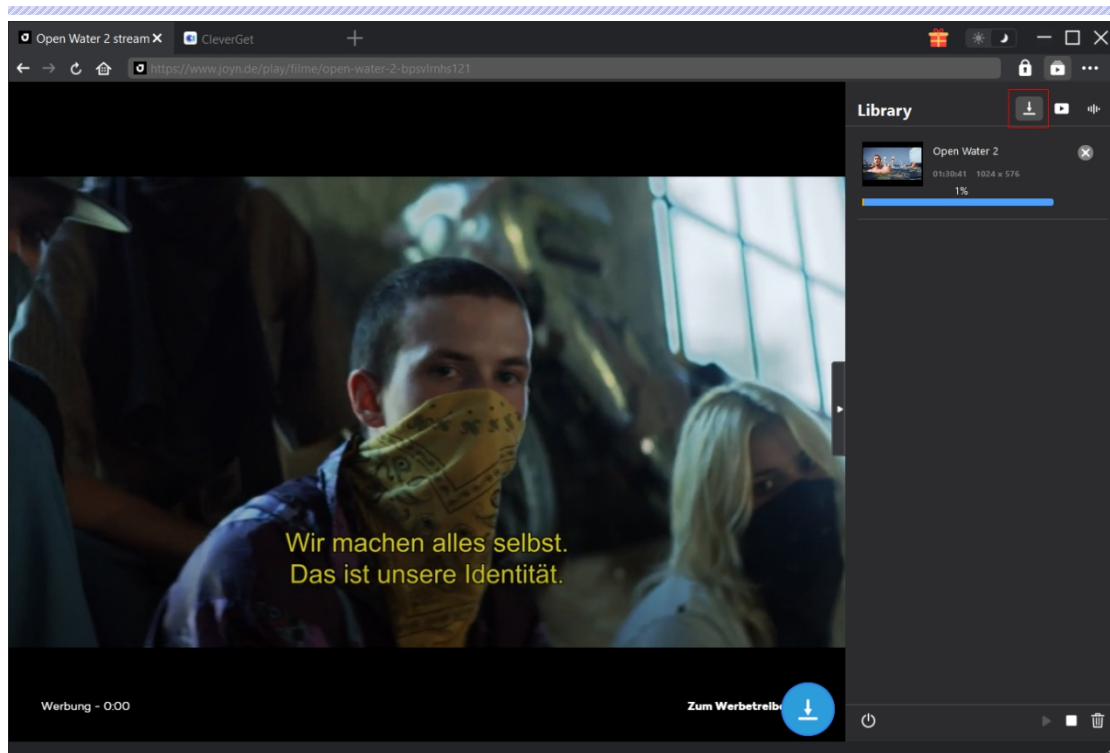

## Step 4: Select Joyn Video and Download

Once you have started playing back the target Joyn video, click the download icon  at the bottom right corner to let CleverGet Joyn Downloader parse the video URL. If CleverGet Joyn Downloader successfully parses the video, it will pop up a “Download” interface with all available download options in different quality/resolutions, frame rates and sizes. Choose the one you want to download, determine the Output, Audio tracks and Subtitles, and then click the blue “Download” button to start downloading Joyn videos. CleverGet Joyn Downloader allows multiple choices of subtitles and audio tracks. Checking “Remux into file” option will pack subtitles into output video.

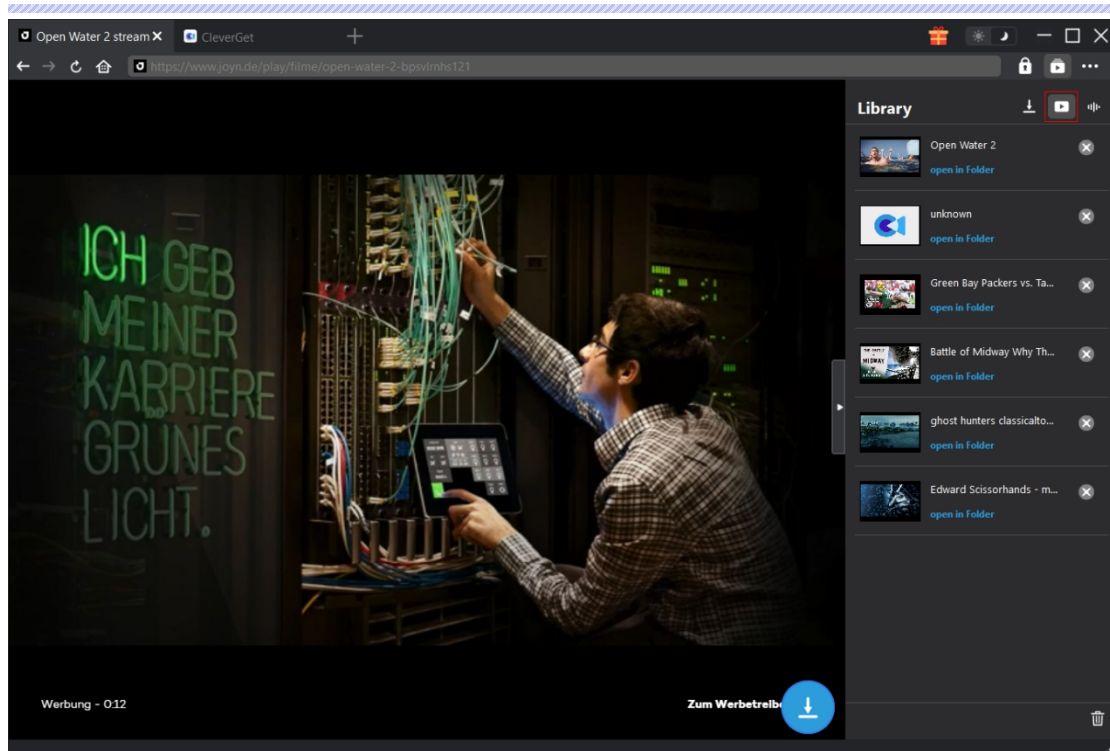

## Step 5: Check Downloading Process

A sidebar will pop out on the right, showing you the downloading progress under the “Downloading”  tab. You could view the downloading progress and speed, cancel or delete downloading task anytime you like.

## Step 6: Check Downloaded Joyn Videos

When downloading completes, it will automatically open the downloaded panel under the "Video" tab . Click "Play" button on the thumbnail of downloaded file to play it back with your default media player. There are several icons below for you to open file folder, play with [Leawo Blu-ray Player](#), burn to disc, delete video, and open video webpage.

The screenshot shows a web browser window with two tabs: "Open Water 2 stream" and "CleverGet". The address bar contains the URL "https://www.joyn.de/play/filme/open-water-2-bpsvfmhs121". The main content area displays a video player with a scene from the movie "Open Water 2". A man in a plaid shirt is working on a server rack in a dark room. On the left, a chalkboard has the German text "ICH GEB MEINER KARRIERE GRÜNES LICHT." written on it. The video player includes a "Werbung - 0:12" label and a "Zum Werbetreibenden" button with a download icon.

## How to Set CleverGet Joyn Downloader

CleverGet Joyn Downloader enables you to adjust the default settings of CleverGet according to your own needs. On the top right corner of CleverGet, click the three-dot icon and then you could see a drop-down menu, which includes multiple options: Buy Now, Register, Settings, User Guide, Support, FAQ, Review, Bug Report, About and Check for update. Click any option to get help you need.

To change the default settings of CleverGet, click the “Settings” option on the drop-down menu to enter “Settings” panel.

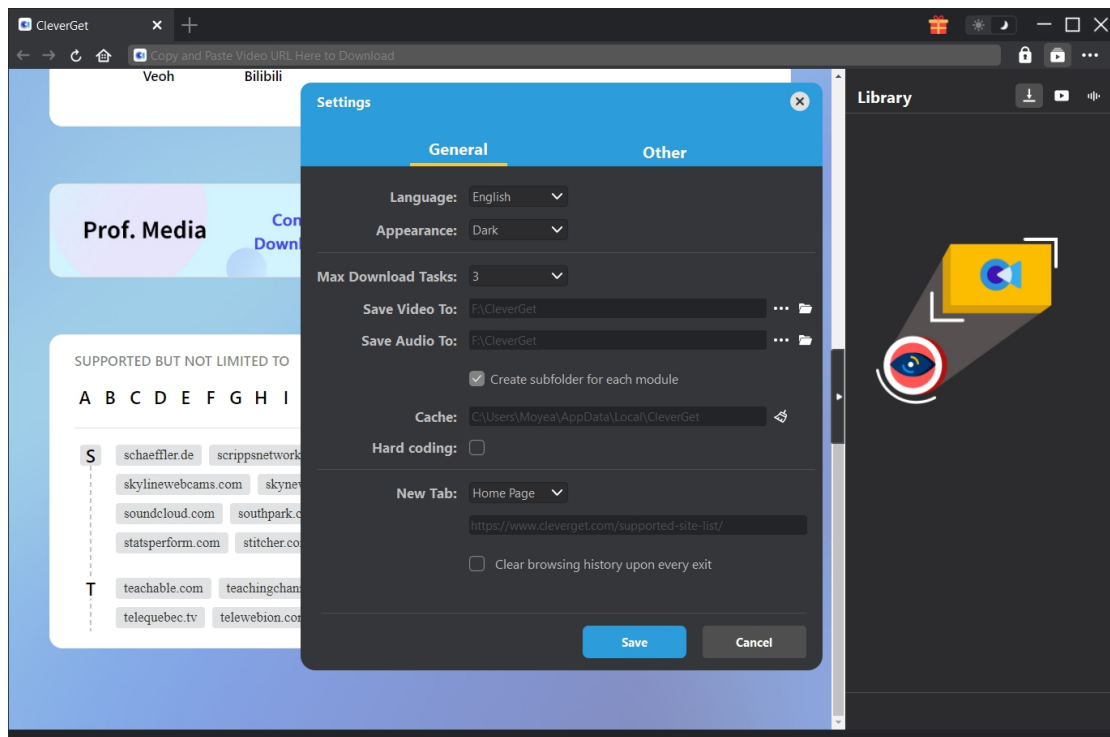

The Settings panel includes 2 tabs: General and Other, as shown below:

### General Tab

In the “General” tab, you can find almost all default settings to improve your downloading experience. Here we have:

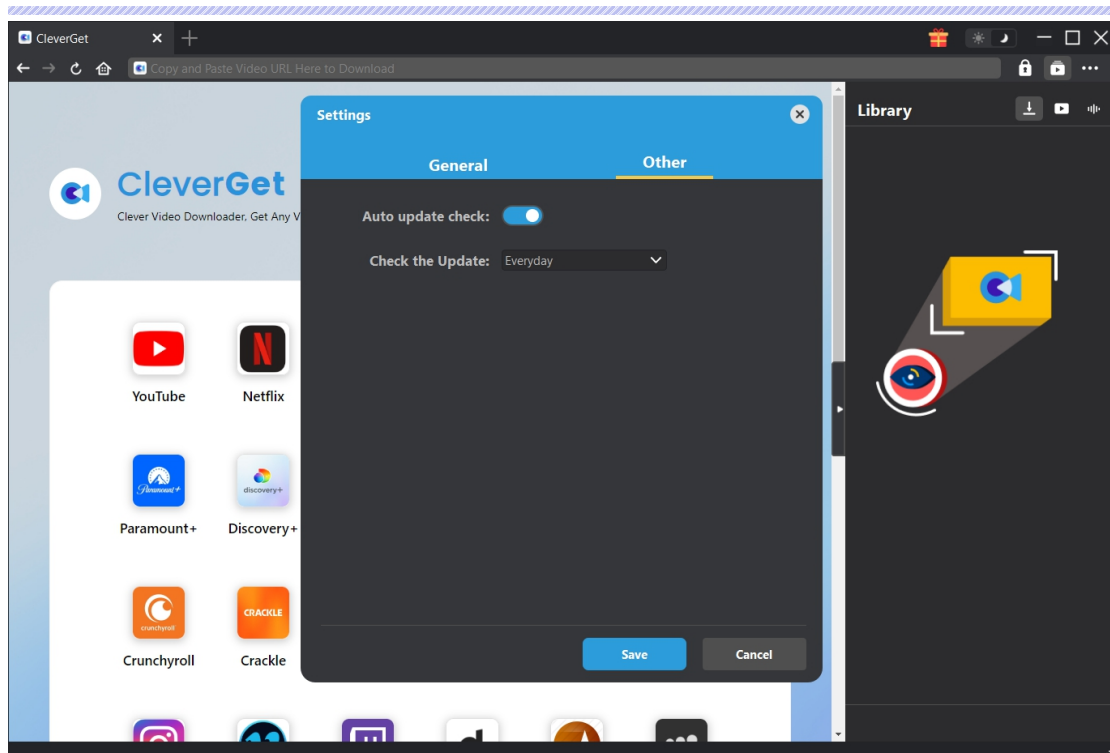

1. **Language:** Switch UI language between English, Chinese (Simplified), Japanese, German, and French.
2. **Appearance:** Switch between light and dark modes. Or, change it directly by clicking “Light/Dark Mode” icon  on the main interface.
3. **Max Download Tasks:** Decide how many tasks CleverGet could process at the same time, from 1 to 5.
4. **Save Video To:** View and change default directory for saving downloaded videos.

5. **Save Audio To:** View and change default directory for saving downloaded audios.
6. **Create subfolder for each module:** Automatically create subfolders for all modules if checked. Save and classify downloaded videos to subfolders in the name of corresponding modules.
7. **Cache:** One-click operation to clear cache to help fix issues like program crash, program getting stuck, etc.
8. **Hard coding:** Check this to use GPU graphics card for coding the downloaded file, which is much faster but has higher requirement on computer hardware configuration.
9. **New Tab:** Choose to open a new tab to home page, default page or blank page.
10. **Clear browsing history upon every exit:** Automatically clear browsing history every time CleverGet program is closed if checked.

## Other Tab

Open Other tab to enable/disable “Automatic Update” feature and set frequency that you suppose CleverGet to check for update within “Check the Update” button.

After all settings are finished, remember to click “Save” button to save all changes.
