How to Purchase and Register CleverGet NHK Plus

Downloader

1. Differences between Free Trial Version and Registered Version

CleverGet NHK Plus Downloader provides both free trial and registered versions. With the free trial version, you could only download 3 videos from NHK+ website, while the registered version has no limit in video downloads. In the free trial version, only successful download could be counted. Failed or canceled download is not counted into the video download limitation.

2. How to Purchase CleverGet NHK Plus Downloader

To break the limitation of free trial version, you need to purchase and register CleverGet NHK Plus Downloader. The registration includes 2 types: 1-year activation and lifetime activation. You need to firstly purchase a registration license before you could register CleverGet NHK Plus Downloader.

A. Purchase license code from CleverGet website directly:

1. On the [CleverGet NHK Plus Downloader product page](#), click the “Buy Now” button. You will be navigated to the purchase section. Then choose license type and proceed to complete the payment. The license code will be sent to your E-mail box in no time.
2. Or directly open [purchase page of CleverGet](#) and then select CleverGet NHK Plus Downloader module and validation according to your needs before you click “Check Out Now” button to proceed and complete the payment.

B. Purchase CleverGet NHK Plus Downloader from CleverGet program interface:

3. On CleverGet program, click the three-dot icon **•••** and then open the “Buy Now” button on the drop-down menu to enter the purchase page of CleverGet. Then choose the module(s) and validation to proceed as mentioned above.
4. Or, click the “Activate” button  on CleverGet program to enter “Activation Center”. Choose the modules you want to purchase and then click “Buy Now” button. On the purchase page of CleverGet modules, choose the right module and validation and then complete the payment.

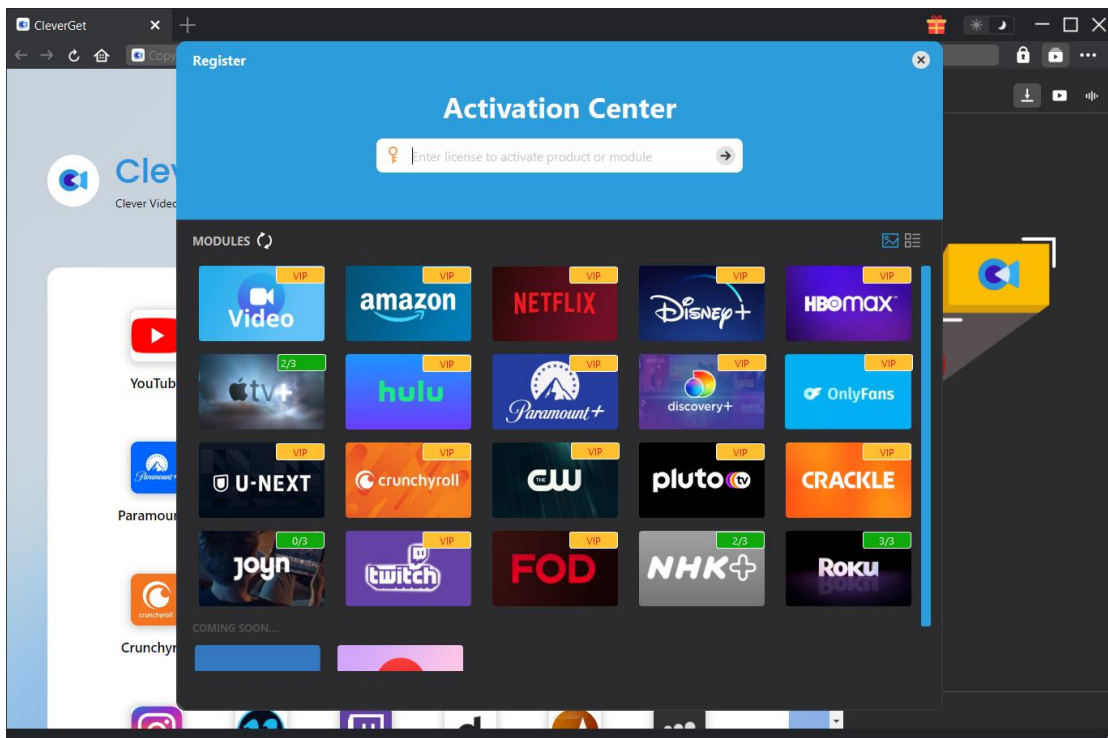

5. Or, if you have already purchased and activated CleverGet modules, on the “Registration Center” interface, you could see “Renew” button right next to any activated module, by clicking which you could purchase a renewal license code to renew the usage.

Note: You could purchase license of any other modules of CleverGet in the ways mentioned above. The more modules you purchase, the higher discount you get.

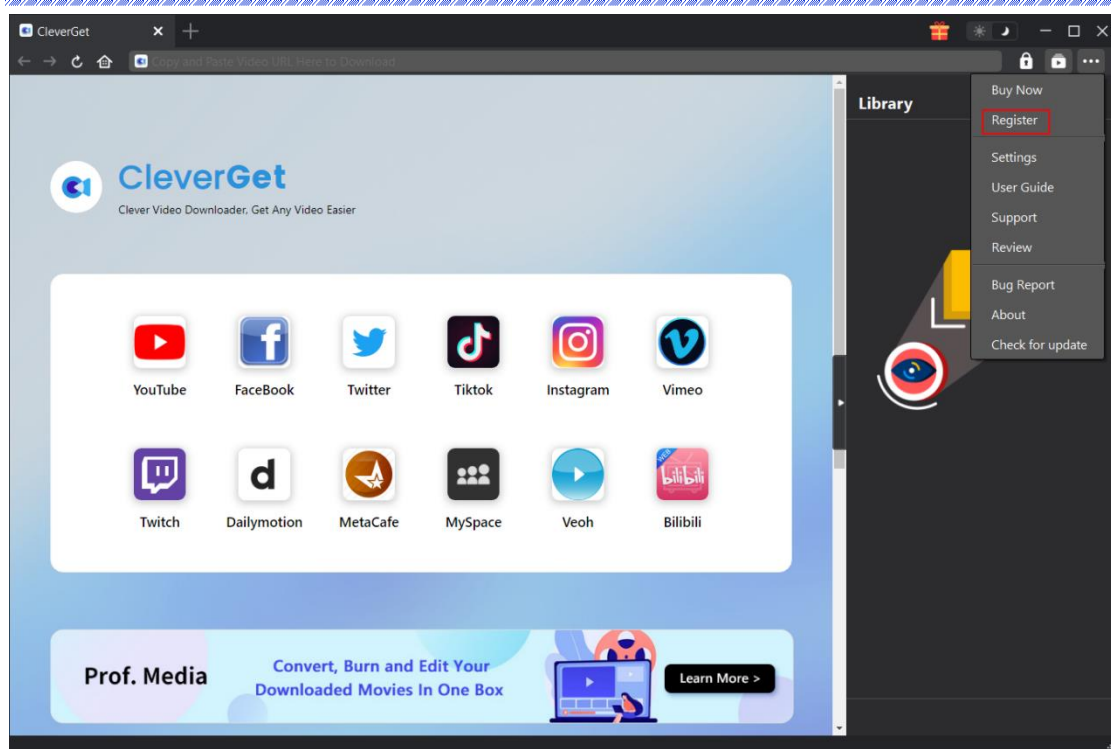

3. How to Activate CleverGet NHK Plus Downloader

The purchased license will be sent to your email box. Check your email boxes to get the license code. Now you could register and activate CleverGet NHK Plus Downloader module in 2 ways as listed below:

A. On CleverGet program, click the “Activate” button  to enter “Activation Center”. Copy and paste the registration code into the code box. Press “Enter” key on keyboard or click  button to activate.

B. Or, on CleverGet program, click the three-dot icon  and then click the “Register” option to enter “Activation Center” for activating CleverGet NHK Plus Downloader with valid registration code you’ve already purchased.

Note: Make sure your computer is well connected to the Internet for license activation.

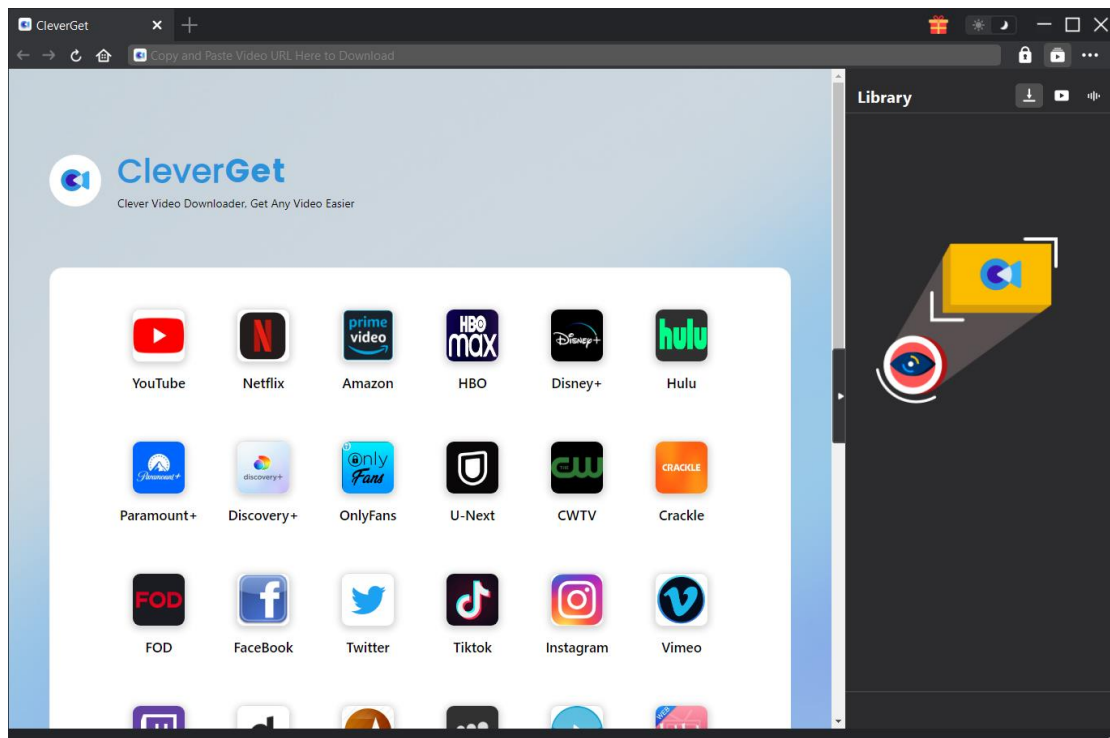

How to Download Videos from NHK+?

With CleverGet NHK Plus Downloader, you could download videos from plus.nhk.jp at high quality and speed with subtitles and audio tracks, if ever provided. How can you download NHK+ videos with CleverGet? Follow the below guide to learn the detailed steps.

Step 1: Download and Install CleverGet NHK Plus Downloader

Firstly, free download and install CleverGet NHK Plus Downloader on your computer. It's clean and safe to download and install. Make sure to download and install the right version according to your computer OS.

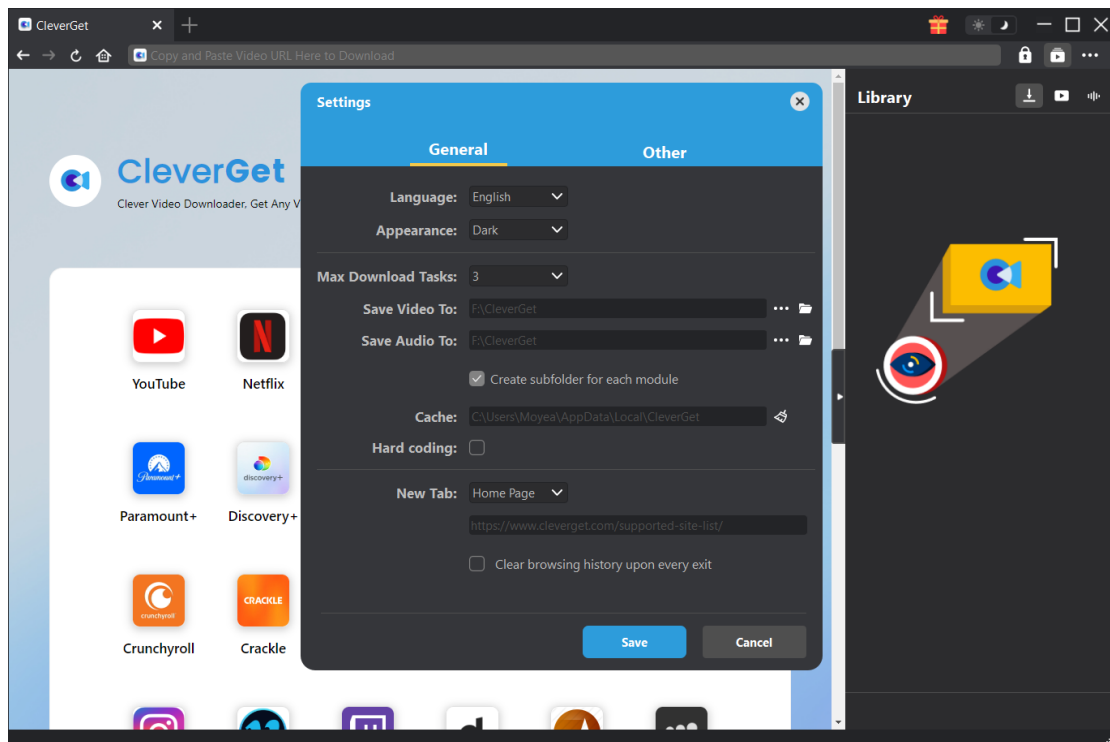

Note: CleverGet NHK Plus Downloader is built in [CleverGet](#) program as a module.

Step 2: Set Output Directory

CleverGet offers default settings for online video downloading, but allows personalization. On CleverGet program, click the three-dot icon **⋮** and then click "Settings" option to open "Settings" panel. Under "General" tab, you can set output directory in the "Save Video To" box, change other settings like program UI language, appearance, max download tasks, etc. Checking

“Create subfolder for each module” option will save online videos in sub-folder of corresponding modules. Finally, click “Save” button.

Step 3: Log in NHK+ and play target video

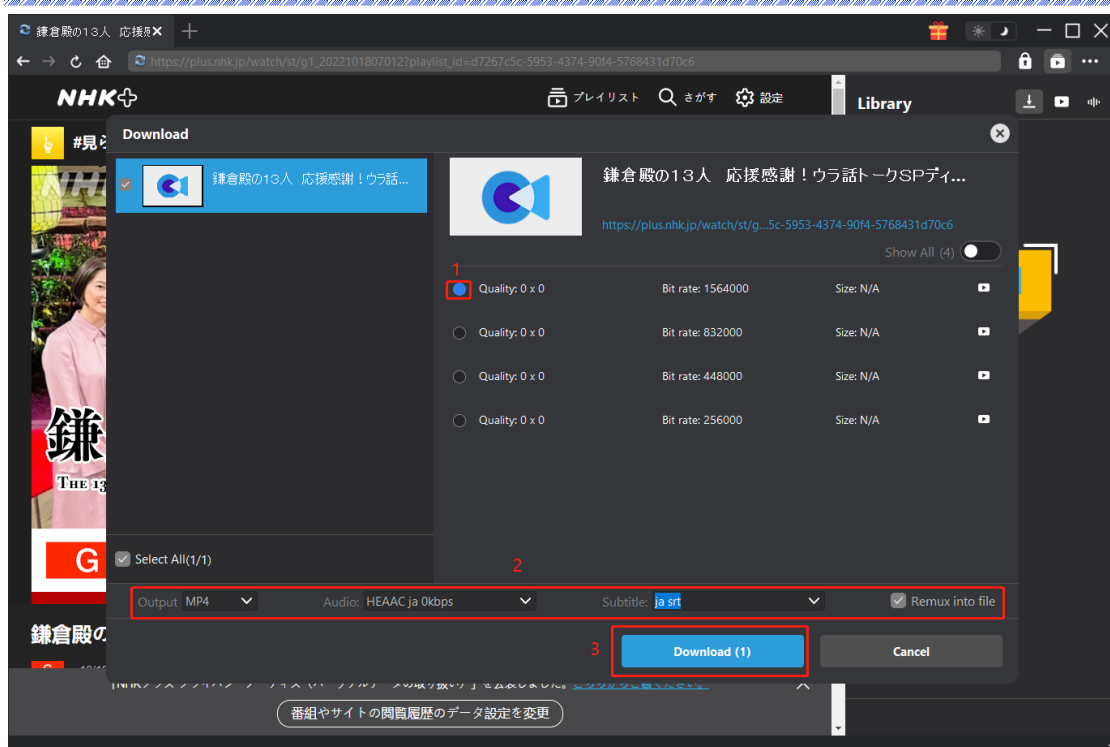

Open and log into the NHK+ website within CleverGet. Search for target video for downloading from NHK+ website. Play back the NHK+ video you want to download.

Note: Make sure the video you are going to download is being played back before you let CleverGet parse the NHK+ video URL.

Step 4: Select NHK+ Video and Download

Once you have started playing back the target NHK+ video, click the download icon  at the bottom right corner to let CleverGet NHK Plus Downloader parse the video URL. If CleverGet NHK Plus Downloader successfully parses the video, it will pop up a “Download” interface with all available download options in different quality/resolution, frame rates and sizes. Choose the one you want to download, decide the output format, subtitle and audio track, and then click the blue “Download” button to start downloading NHK+ videos.

Step 5: Check Downloading Process

There will pop up a sidebar on the right side showing you the downloading progress under the “Downloading”  tab. You could cancel or delete downloading task anytime you like.

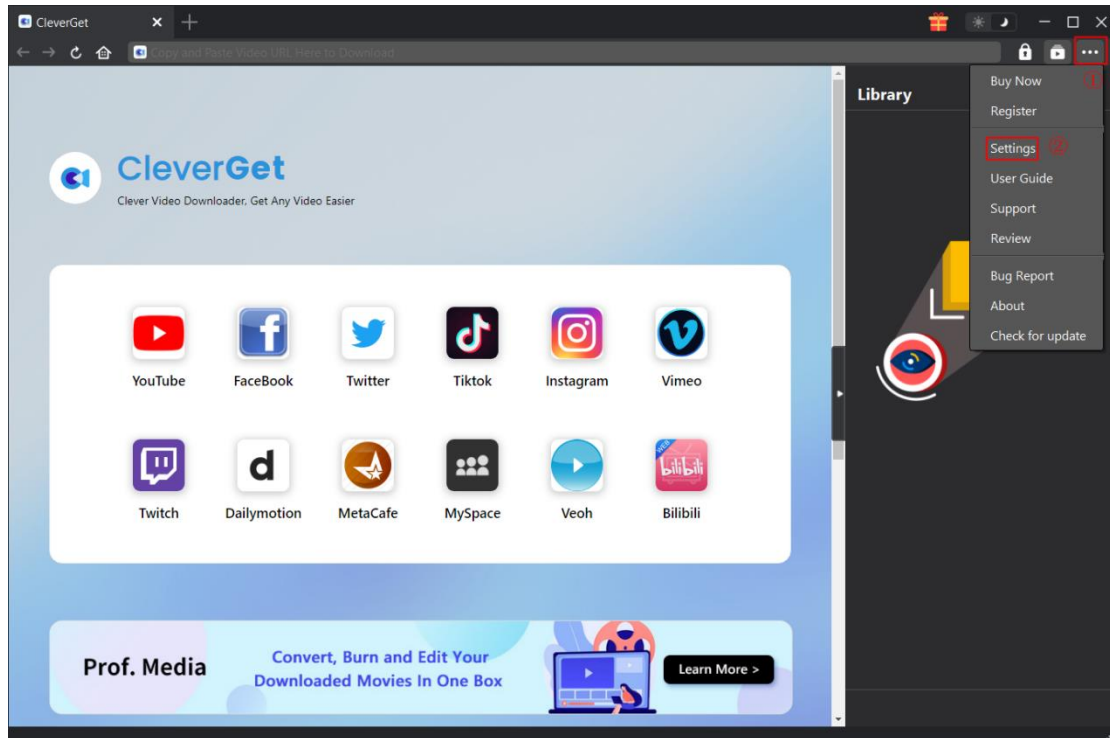

Step 6: Check Downloaded NHK+ Videos

Downloaded NHK+ videos will be displayed under the downloaded panel  on the sidebar. Click “Play” button on the thumbnail of downloaded file to play it back with your default media player, play it with [Leawo Blu-ray Player](#), burn to Blu-ray/DVD, delete it, or open source web page.

How to Set CleverGet NHK Plus Downloader

On the top right corner of CleverGet, click the three-dot icon and then you could see a drop-down menu, which includes multiple options: Buy Now, Register, Settings, User Guide, Support, FAQ, Review, Bug Report, About and Check for update. Click any option to get help you need.

Also, CleverGet allows you to change default settings for better experience. To change the default settings of CleverGet, click the “Settings” option on the drop-down menu to enter “Settings” panel.

General Tab

In the “General” tab, you can find almost all default settings to improve your downloading experience. Here we have:

1. **Language:** Change interface language between English, Chinese (Simplified), Japanese, German, and French.
2. **Appearance:** Switch between light and dark modes. Or, change it directly by clicking “Light/Dark Mode” icon   on the main interface.
3. **Max Download Tasks:** Decide how many tasks CleverGet could process at the same time, from 1 to 5.
4. **Save Video To:** View default directory for saving downloaded videos, and change it according to

personal preferences.

5. **Save Audio To:** View default directory for saving downloaded audios, and change it according to personal preferences.

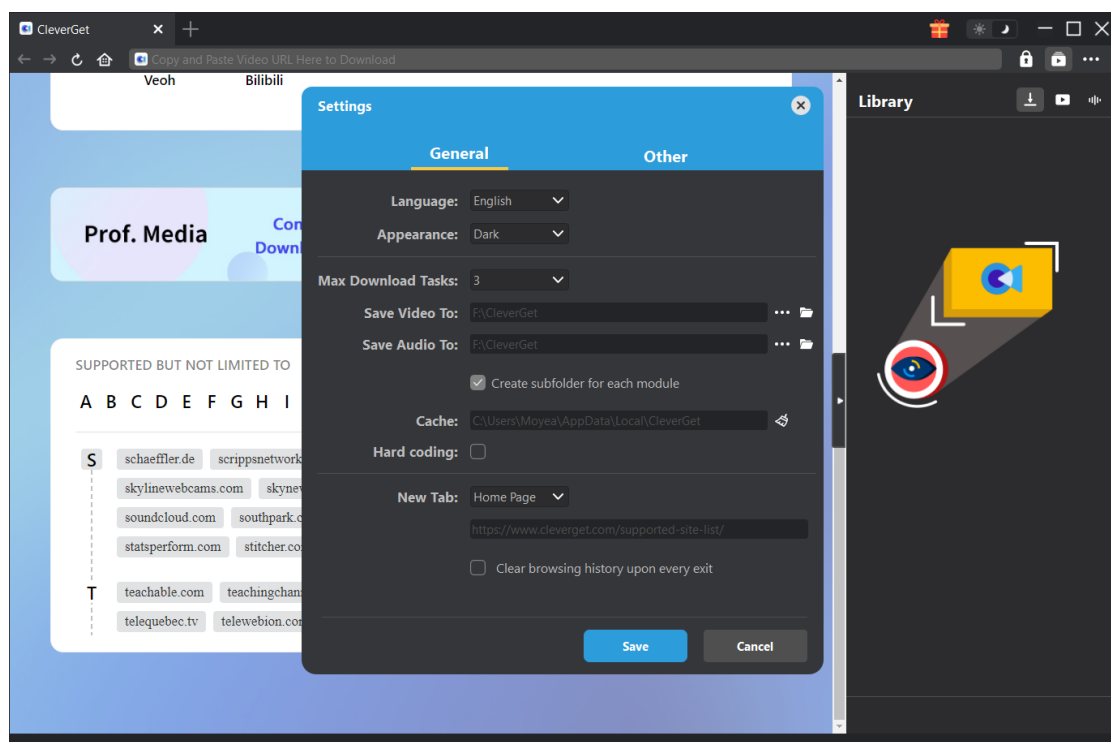

6. **Create subfolder for each module:** Automatically create subfolders for all modules if checked. Save and classify downloaded videos to corresponding module's subfolders.

7. **Cache:** Show you the program browser cache address, and access to clear cache in one click, aiming to help fix issues like program crash, program getting stuck, etc.

8. **Hard coding:** Check this to use your GPU graphics card for coding the downloaded file, which is much faster but has higher requirement on computer hardware configuration.

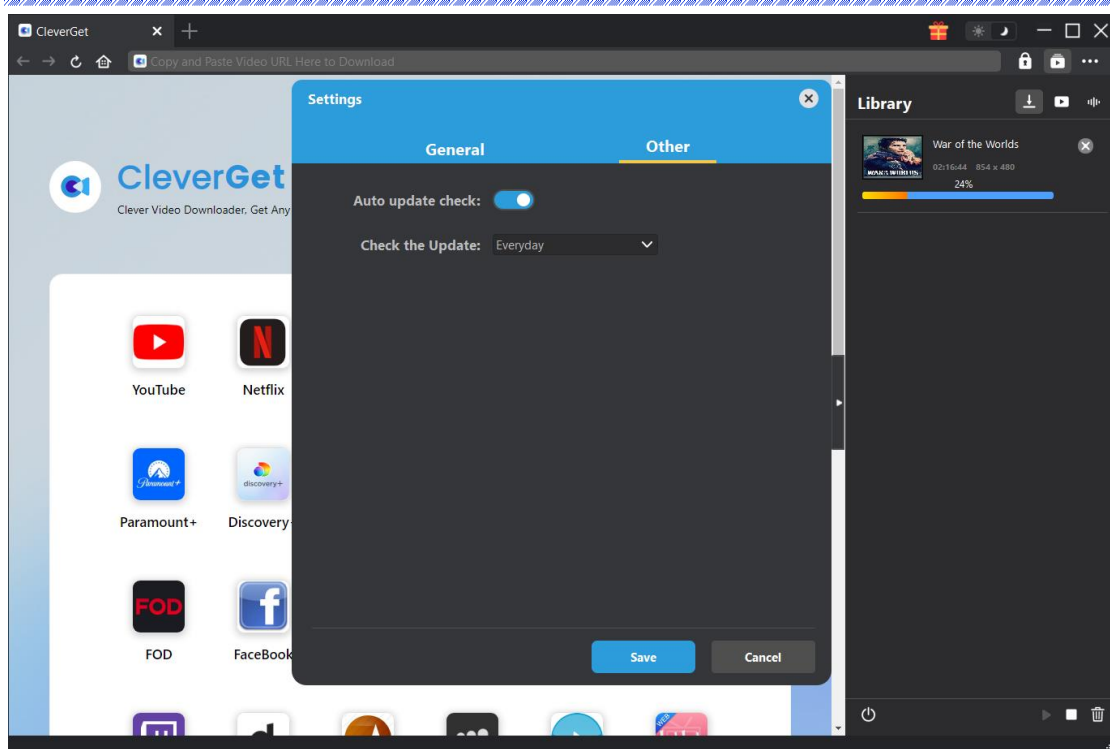

9. **New Tab:** Choose to open a new tab to home page, default page or blank page.

10. **Clear browsing history upon every exit:** Check to let CleverGet clear browsing history every time CleverGet program is closed.

Other Tab

Open Other tab to enable/disable "Automatic Update" feature and set frequency that you suppose CleverGet to check for update within "Check the Update" button.

After all settings are finished, remember to click “Save” button to save all changes.
