## How to Download OnlyFans Videos?

As a professional OnlyFans video downloader, CleverGet OnlyFans Downloader helps you download OnlyFans videos at up to 1080P resolution. You could even download OnlyFans video galleries at a time. The below guide shows you how to use CleverGet OnlyFans Downloader to download videos from OnlyFans.com.

### Step 1: Download and Install CleverGet OnlyFans Downloader

Firstly, download and install CleverGet OnlyFans Downloader on your computer. It's free and safe to download and install. Make sure you have downloaded the right version of CleverGet program according to your computer system for installing.

**Note:** CleverGet OnlyFans Downloader is a component of [CleverGet](#) program.

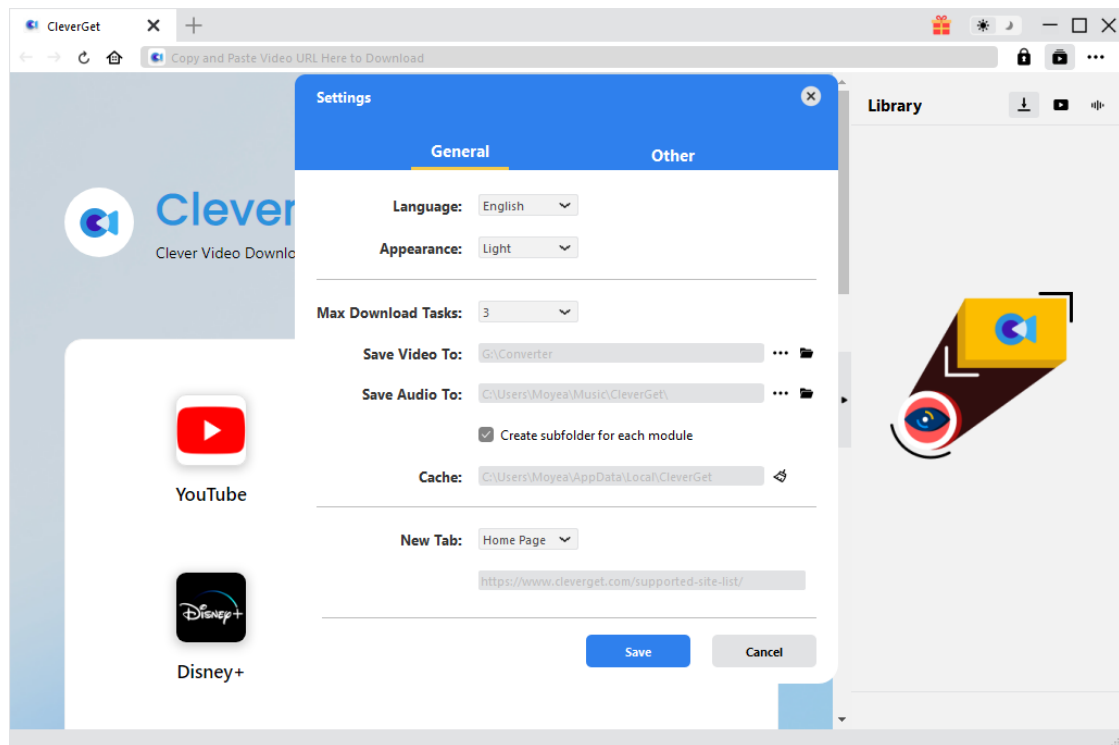

### Step 2: Set Output Directory

Before downloading videos from OnlyFans, you could firstly adjust some settings like download directory, max downloads, language, appearance, etc. On CleverGet program, click the three-dot

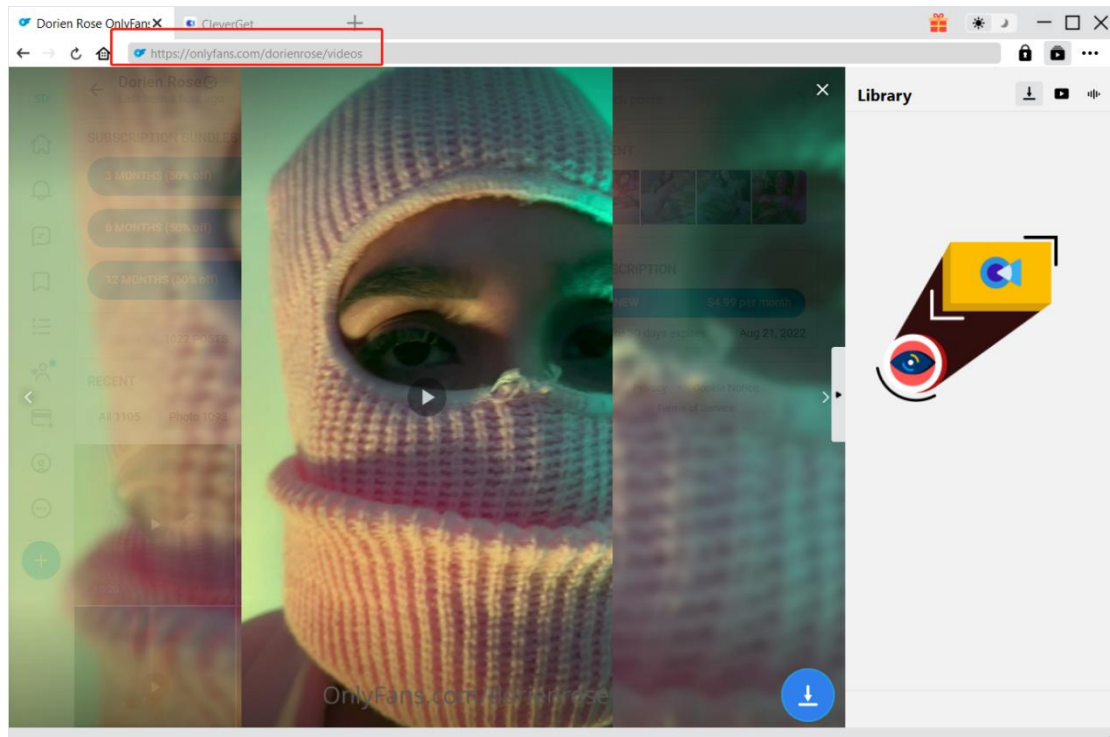

icon **⋮** and then click “Settings” option to open “Settings” panel. Under “General” tab, you can set output directory in the “Save Video To” and “Save Audio To” boxes and change other settings like program UI language, appearance, max download tasks, etc. Checking “Create subfolder for each stream service” option will save online videos in related sub-folder of corresponding modules. Finally, click “Save” button.

### Step 3: Log in OnlyFans.com and play target video

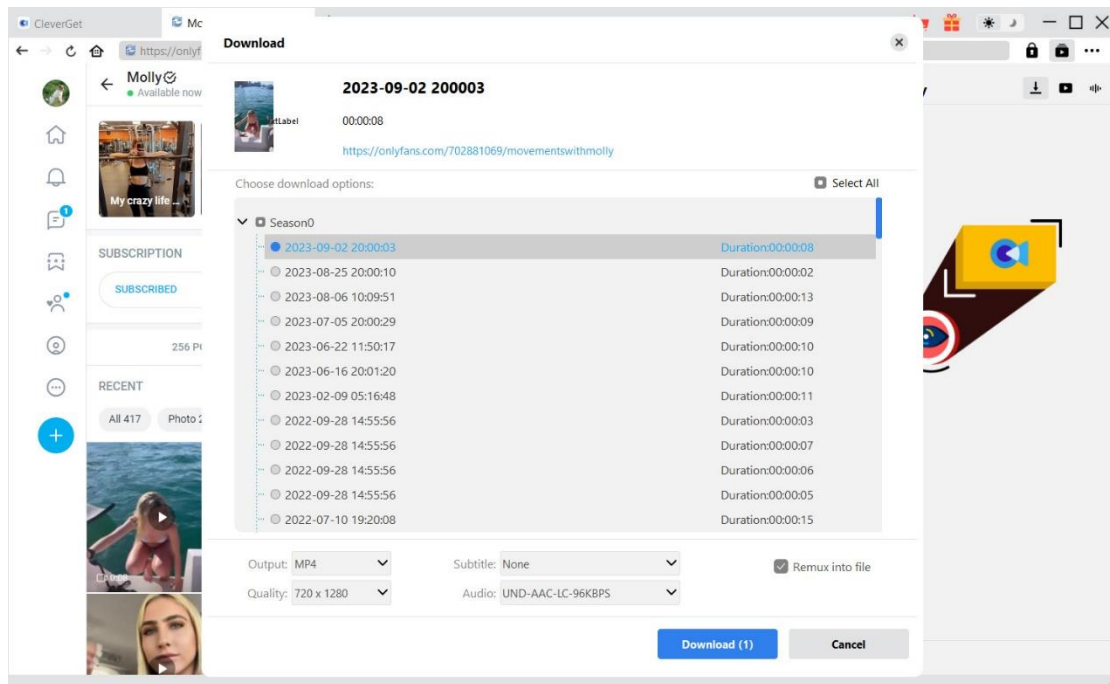

Within the address bar of CleverGet, open the OnlyFans.com and then log in with your own account. Search for target video to download within OnlyFans.com website. Play back the OnlyFans video you want to download.

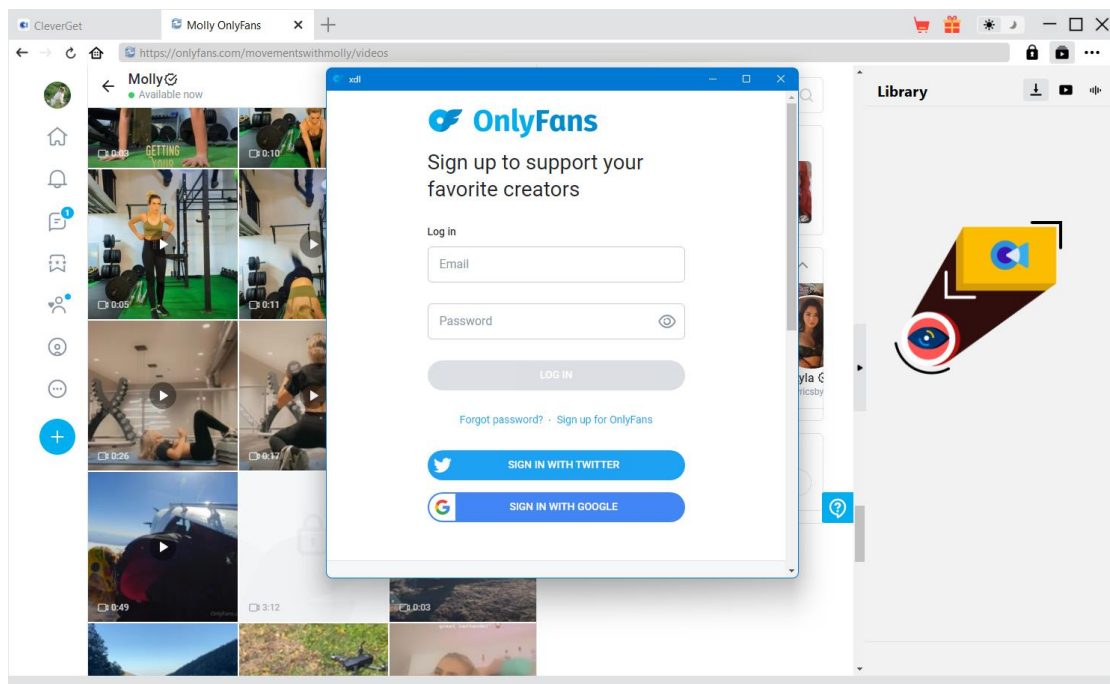

**Note:** Make sure you have entered the playback page of target OnlyFans video and are playing target video before you let CleverGet analyze the video URL.

## Step 4: Select OnlyFans Video and Download

Once you have started playing back the target OnlyFans video, click the download icon  at the bottom right corner to let CleverGet OnlyFans Downloader parse the video URL. If CleverGet OnlyFans Downloader successfully parses the video, it will pop up a “Download” interface with all available download options listed in different quality/resolution, frame rates and sizes. Choose the one you want to download and then click the blue “Download” button to start downloading OnlyFans videos.

**Note:** There will pop up an XDL window to ask you to log into onlyfans.com website within CleverGet for the first OnlyFans.com video parsing.

## Step 5: Check Downloading Process

Once you have started an OnlyFans video downloading task, there will pop up a sidebar on the

right side, showing you the downloading progress under the “Downloading”  tab. You could view the downloading progress and speed, cancel or delete downloading task anytime you like.

## Step 6: Check Downloaded OnlyFans Videos

When downloading completes, it will automatically open the downloaded panel under the “Video” tab . Click “Play” button on the thumbnail of downloaded file to play it back with your default media player, or click “Open Folder” to open the local folder that saves downloaded videos. Right click to play it with [Leawo Blu-ray Player](#), delete a single video, delete all downloaded tasks or open source web page.

The screenshot shows a web browser window displaying the OnlyFans profile of Dorian Rose. The browser's address bar shows the URL <https://onlyfans.com/dorienrose/videos>. The profile header includes the name "Dorien Rose" and "Last seen 1 hour ago". Below the header, there are navigation tabs for "Summer?", "Hotel shoot", and "Gallery".

The main content area is divided into several sections:

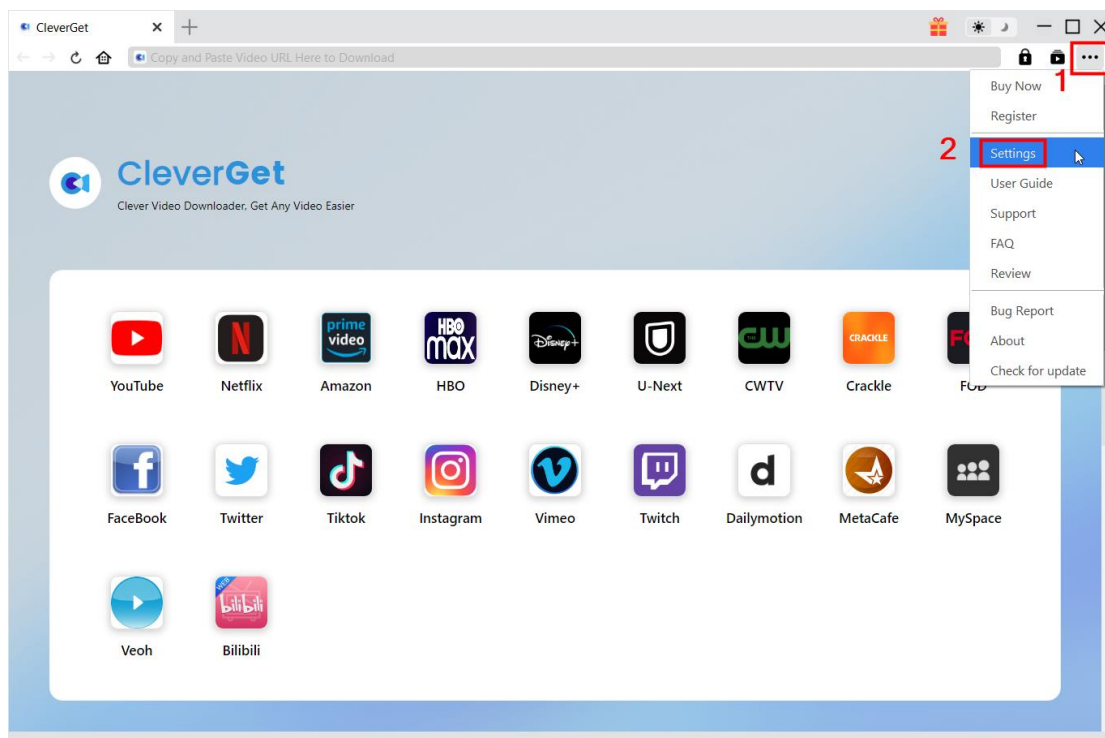

- SUBSCRIPTION:** A "RENEW" button for "\$4.99 per month" with a "Free for 30 days expires" notice and a date of "Aug 21, 2022".
- SUBSCRIPTION BUNDLES:** Three options: "3 MONTHS (50% off) \$7.49 total", "6 MONTHS (50% off) \$14.97 total", and "12 MONTHS (50% off) \$29.94 total".
- RECENT:** A search bar and a "RECENT" section with a grid of video thumbnails.
- LIBRARY:** A sidebar on the right titled "Library" containing a list of videos with "Open Folder" links and close buttons. A red box highlights the download icon (a square with a downward arrow) in the top right corner of this sidebar.

At the bottom of the page, there are links for "Privacy", "Cookie Notice", and "Terms of Service". A blue download button is also visible at the bottom center of the page.

## How to Set CleverGet OnlyFans Downloader

CleverGet OnlyFans Downloader has default settings for downloading OnlyFans videos. But you can adjust the default settings of CleverGet according to your own needs. On the top right corner of CleverGet, click the three-dot icon and then you could see a drop-down menu, which includes multiple options: Buy Now, Register, Settings, User Guide, Support, FAQ, Review, Bug Report, About and Check for update. Click any option to get help you need.

To set CleverGet, click the “Settings” option on the drop-down menu to enter “Settings” panel. Here you could adjust the default settings of CleverGet.

The Settings panel includes General settings and Other settings, as shown below:

### The General Tab

In the “General” tap, you can find almost all basic settings to improve your downloading experience. Here we have:

1. **Language:** Change interface language from 5 languages provided: English, Chinese (Simplified),

Japanese, German, and French.

2. **Appearance:** Switch between light and dark modes. Or, change it directly by clicking “Light/Dark Mode” icon  on the main interface.

3. **Max Download Tasks:** Decide how many tasks CleverGet could process at the same time, from 1 to 5.

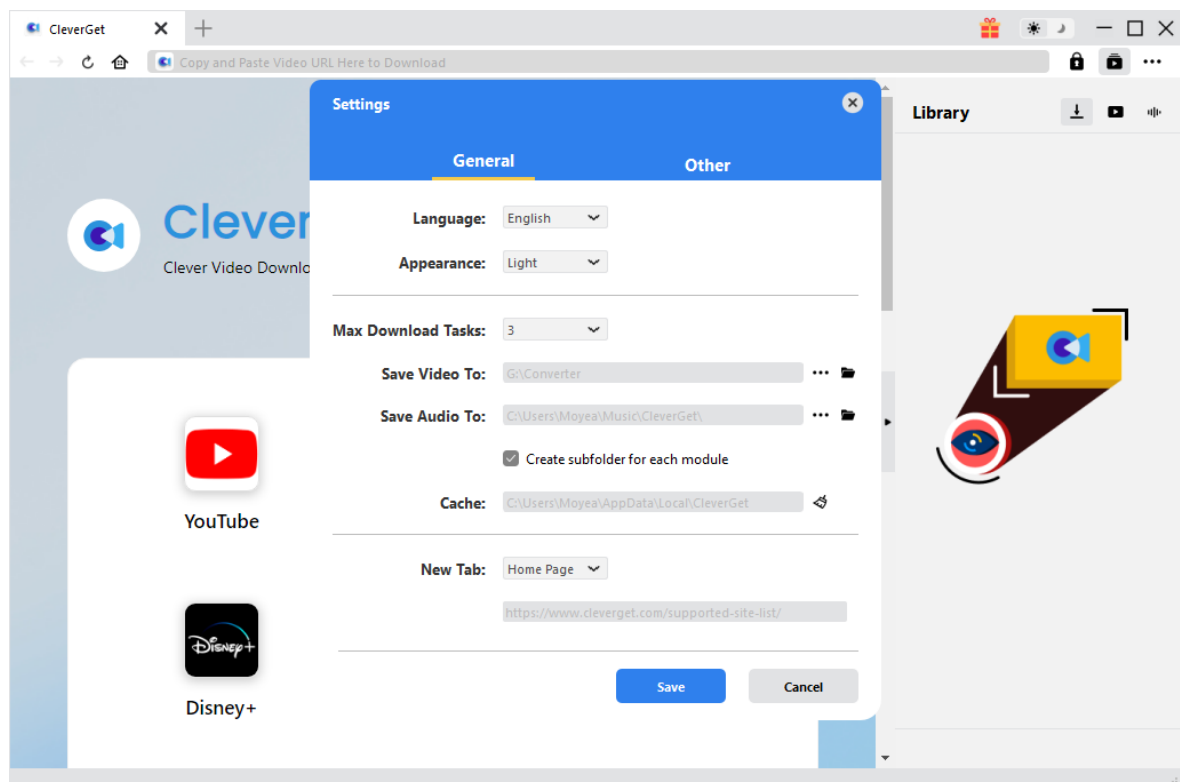

4. **Save Video To:** View default directory for saving downloaded videos, and change it according to personal preferences.

5. **Save Audio To:** View default directory for saving downloaded audios, and change it according to personal preferences.

6. **Create subfolder for each module:** Automatically create subfolders for all modules if checked. Save and classify downloaded videos to corresponding module’s subfolders.

7. **Cache:** Show you the program browser cache address, and access to clear cache in one click, aiming to help fix issues like program crash, program getting stuck, etc.

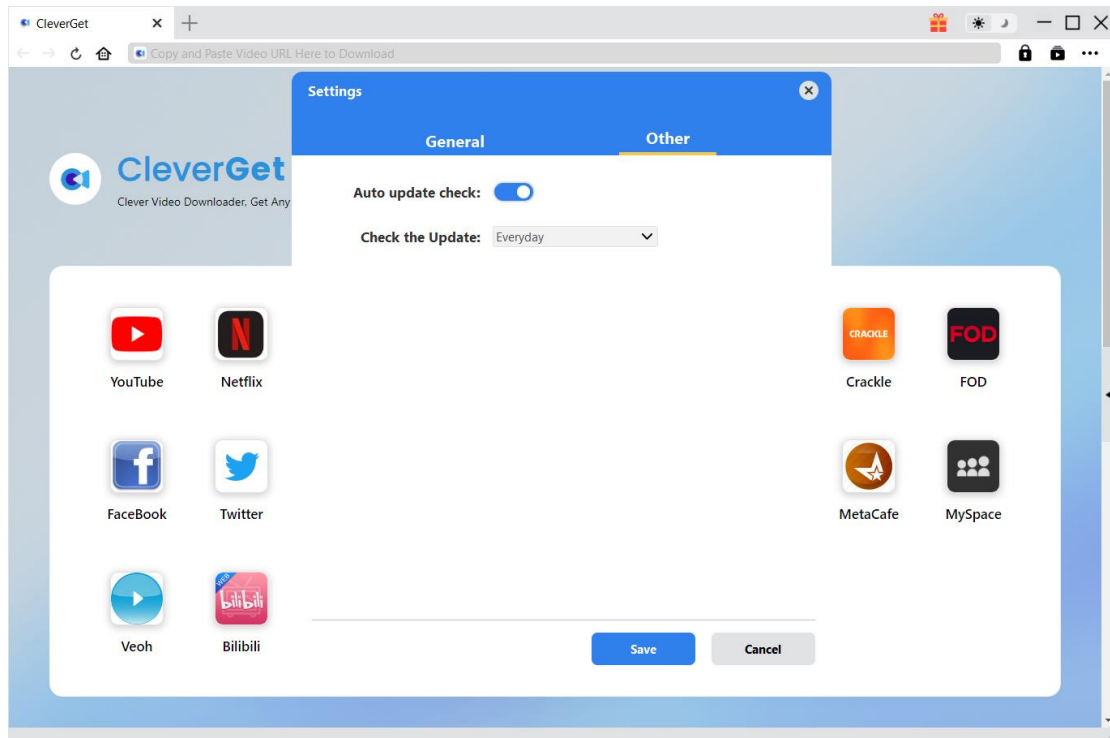

8. **New Tab:** Choose to open a new tab to home page, default page or blank page.

## Other Tab

Open Other tab to enable/disable “Automatic Update” feature and set frequency that you suppose CleverGet to check for update within “Check the Update” button.

After all settings are finished, remember to click “Save” button to save all changes.
