Brief Introduction

CleverGet Netflix Downloader is a superb online video downloader for Netflix movies, TV shows, etc. All these Netflix videos (up to 1080P and 720P) are downloaded losslessly to your computer for offline playback in speedy process. With the help of CleverGet Netflix Downloader, Netflix movies and TV Shows are saved as universally compatible MP4 videos or MKV at will and multiple downloading options are offered for more user-friendly downloading.

Main features:

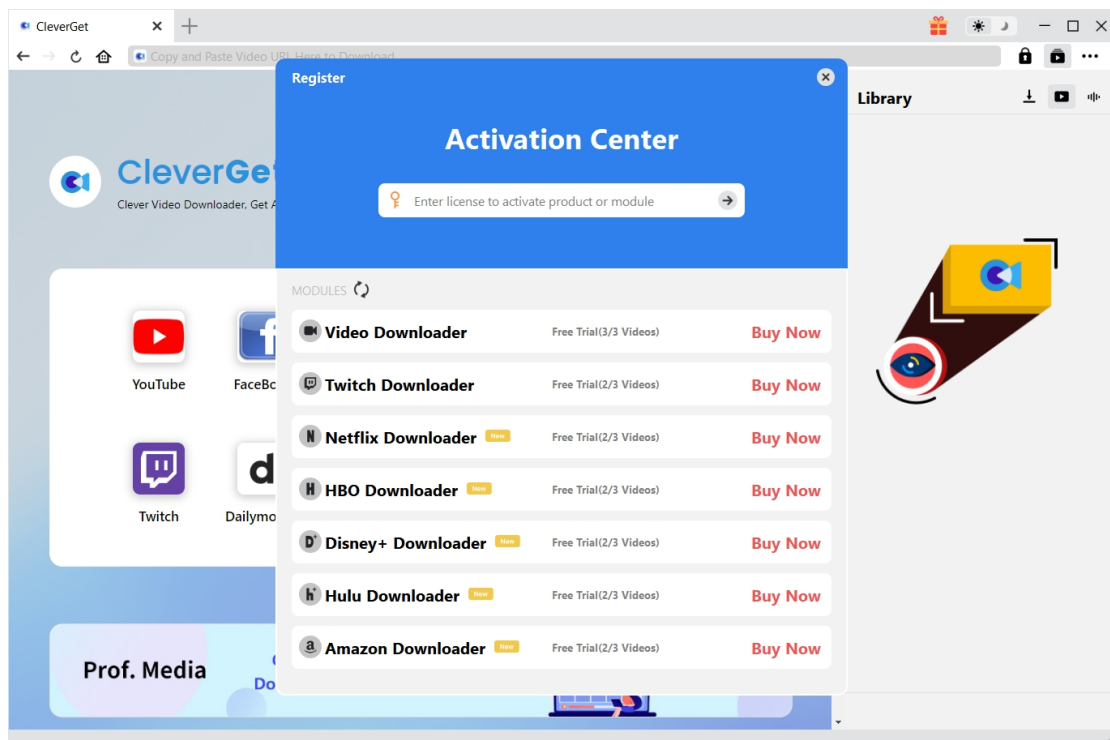

1. Download movies, TV shows, etc. from Netflix.
2. High quality video downloading (up to 1080P resolution).
3. Download Netflix to MP4 or MKV file.
4. Output with multiple tracks and subtitles or selected one(s).
5. Remux subtitles to video or save them as SRT or SUP files.
6. Save full and precise media information.
7. Built-in player and browser.
8. High speed downloading.

How to Register CleverGet Netflix Downloader

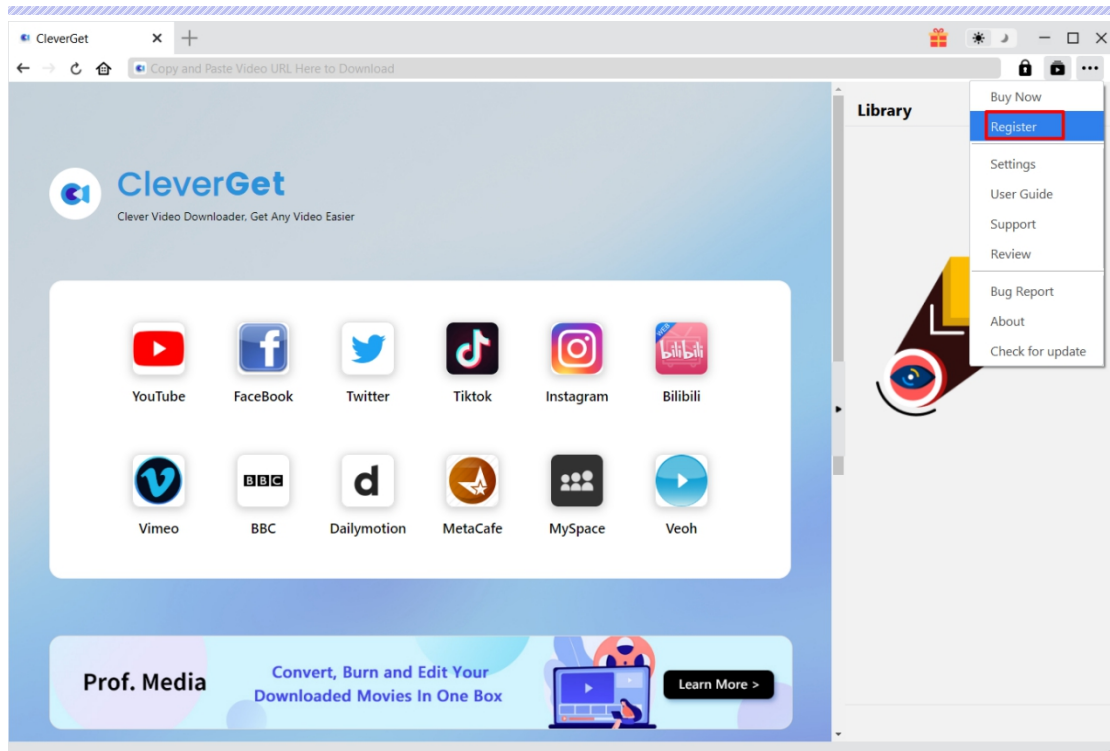

1. Activate with registration code

Free trial version only allows users to download 3 videos. If they want to download more videos, they need to purchase for the full version. Users are given 2 accesses to activate CleverGet Netflix Downloader:

- a. Open “Activation Center” window by clicking the “Activate” button  in the top right corner. Copy and paste the registration code into the code box. Tap “Enter” key on keyboard or click  to activate.

- b. Go to more options  and find “Register” to enter “Activation Center”. Later, do the same things as you do in solution a.

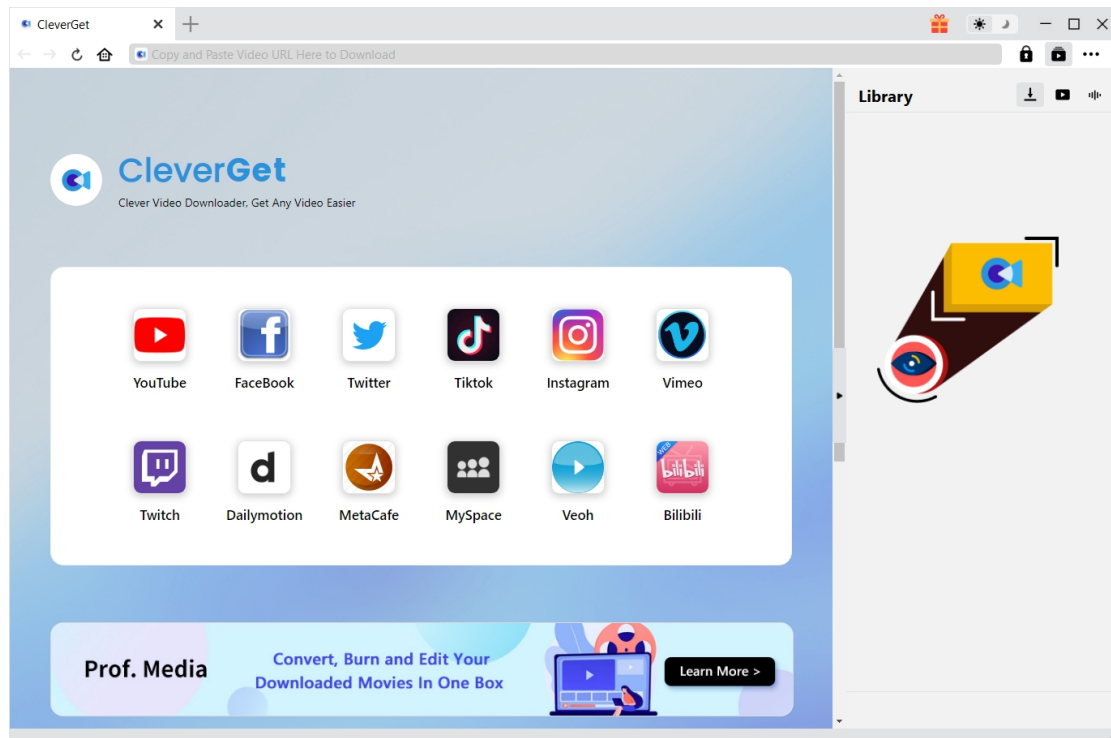

2. Get registration code

On the “Activation Center”, choose the modules that you want to get registration code for and then click “Buy Now”. After you click the button, it’ll take you to the purchase page of CleverGet, where you can purchase the registration code for all modules. Select validation according to your needs and then click “Check Out Now” to go to the payment page. Fill in the information it needs in the payment page and pay for the bill. The registration code will be sent to your E-mail box after you finish the payment in no time.

How to Download Videos from Netflix?

Step 1: Download and install CleverGet

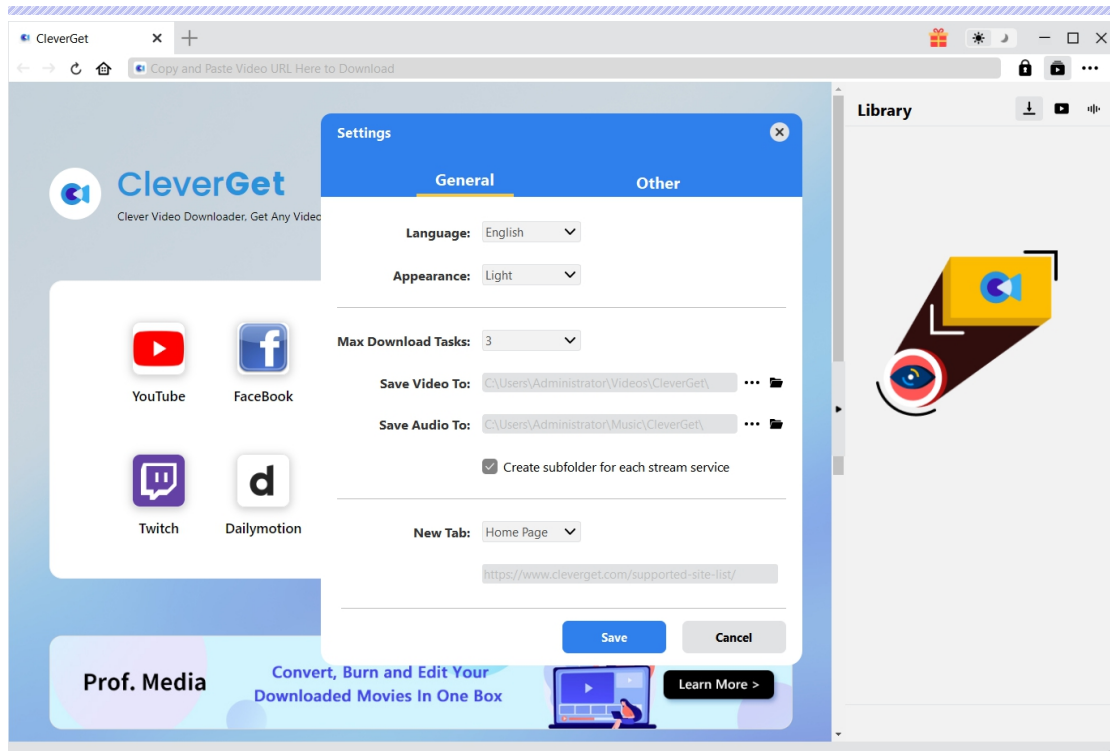

Go straight to the official website of [CleverGet](https://cleverget.com) to download installation package. There are different versions for Windows or Mac users and you should download the correct one based on needs. It is free to download and install.

Step 2: Set output directory

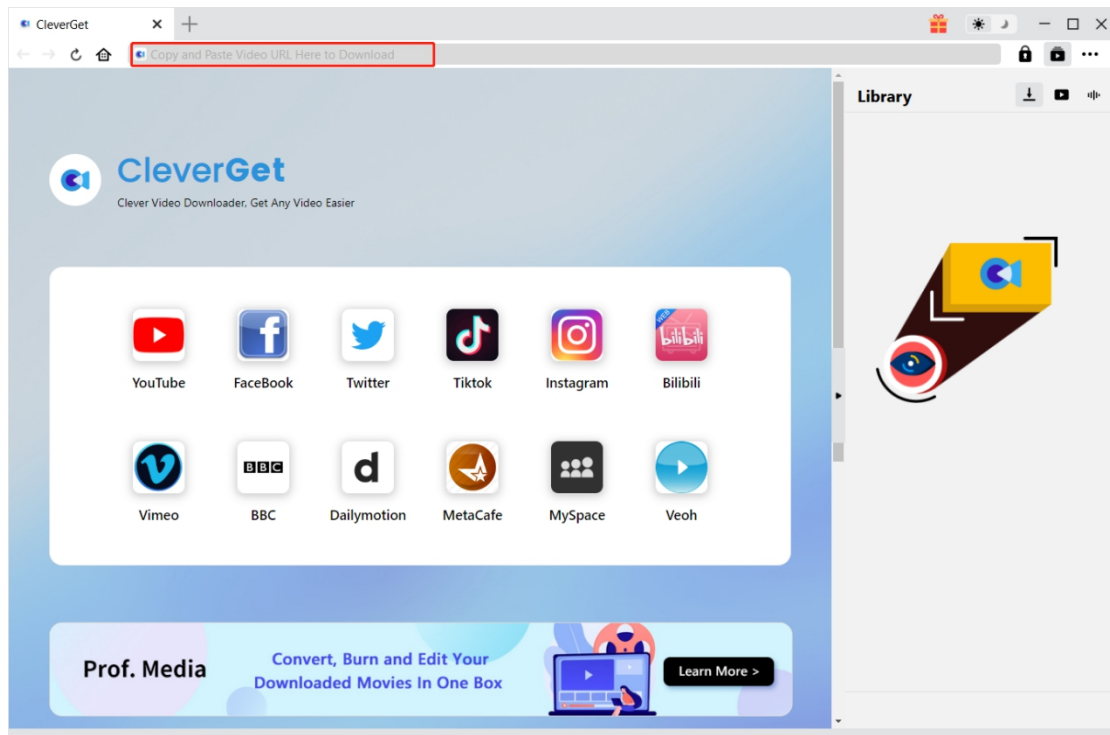

Before you start downloading online videos from Netflix, you can decide output directory at will.

Click the three-dot icon **⋮** and then “Settings” to pop up detailed settings panel. Under “General” tab, you can set output directory in the “Save Video To” or “Save Audio To” box and change other settings. Finally, click “Save”.

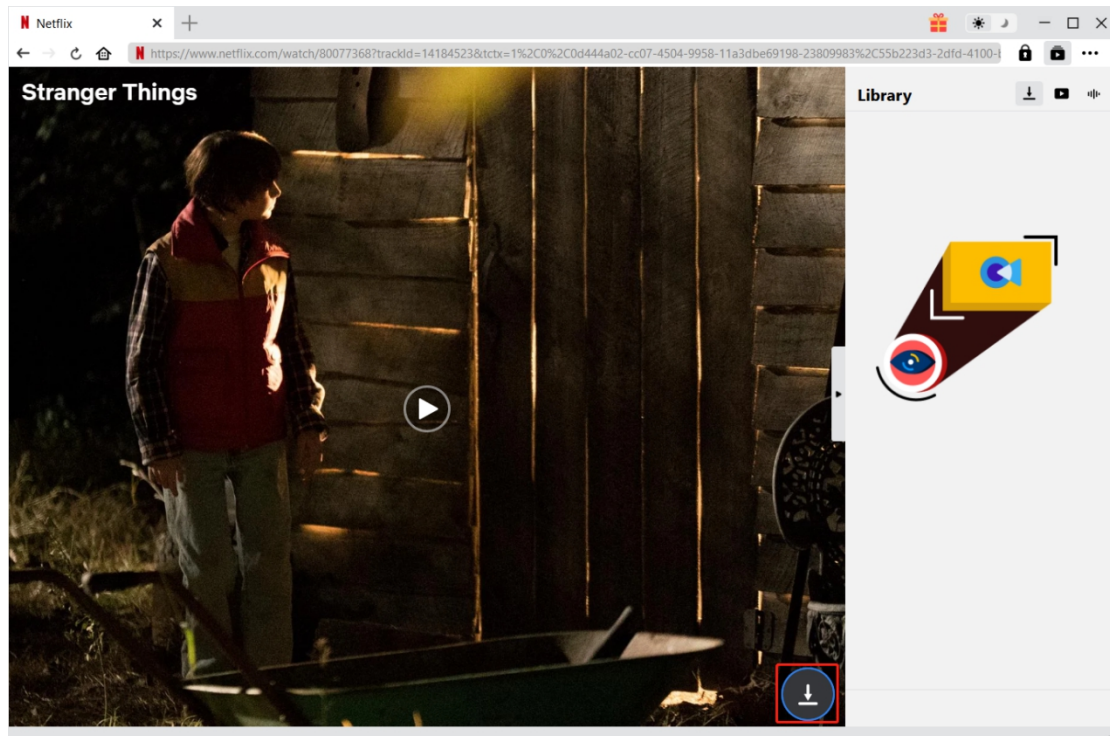

Step 3: Search for target videos

Add link of target videos in the address bar and tap “Enter” on the keyboard. Or search for target clips you want to download within Netflix.

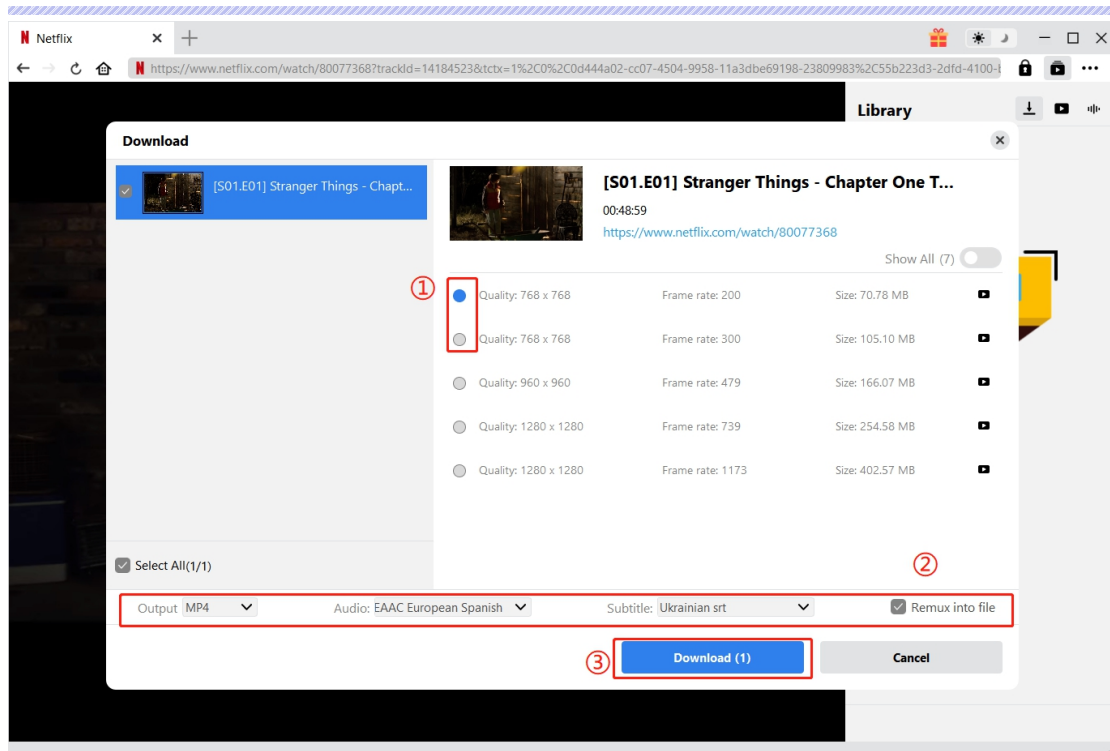

Step 4: Download video

Once you enter the page where wanted video lies, click the analyzing button  and CleverGet Netflix Downloader will detect all available sources.

Videos are listed in different qualities, frame rates and sizes. Now you should choose video(s) in different quality and decide the output format, audio tracks and subtitles. If users check "Remux into File", CleverGet Netflix Downloader combines subtitles into video files. Otherwise, subtitles are saved in separate file. Finally, click "Download" to start downloading Netflix video.

Step 5: Check downloading process

Click "Downloading" icon  to check out the video you are currently downloading. Click

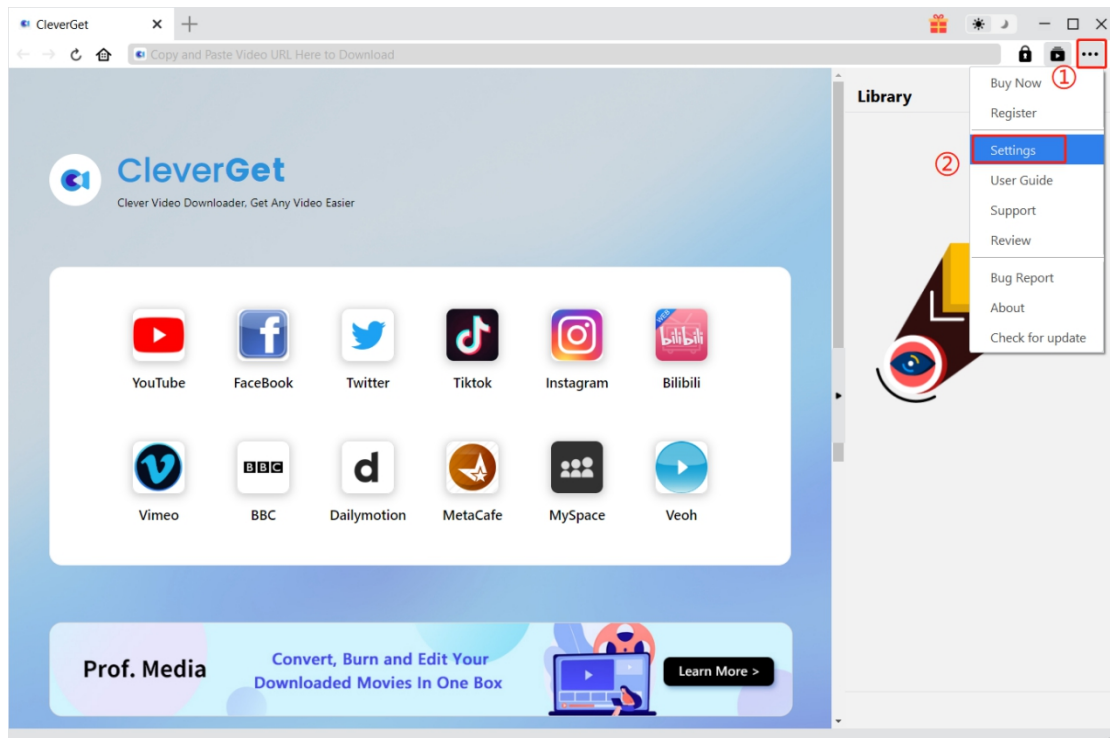

"Close" icon  to end the task.

The screenshot shows a web browser window with the Netflix website. The main video player displays a scene from 'Stranger Things' with the subtitle: "It's because she's been dating that douchebag, Steve Harrington." The video progress bar is at 44:39. On the right side, the 'Library' panel shows a download progress bar for '[S01.E01] Stranger Things...' which is 20% complete. A red box highlights the download icon in the video player's control bar at the bottom right.

Settings Panel in CleverGet

CleverGet thinks highly of users' experience and there are abundant settings for facilitating operation. Users can click three-dot icon to look for "Settings" to enter settings panel. After all settings are finished, click "Save" to save all changes.

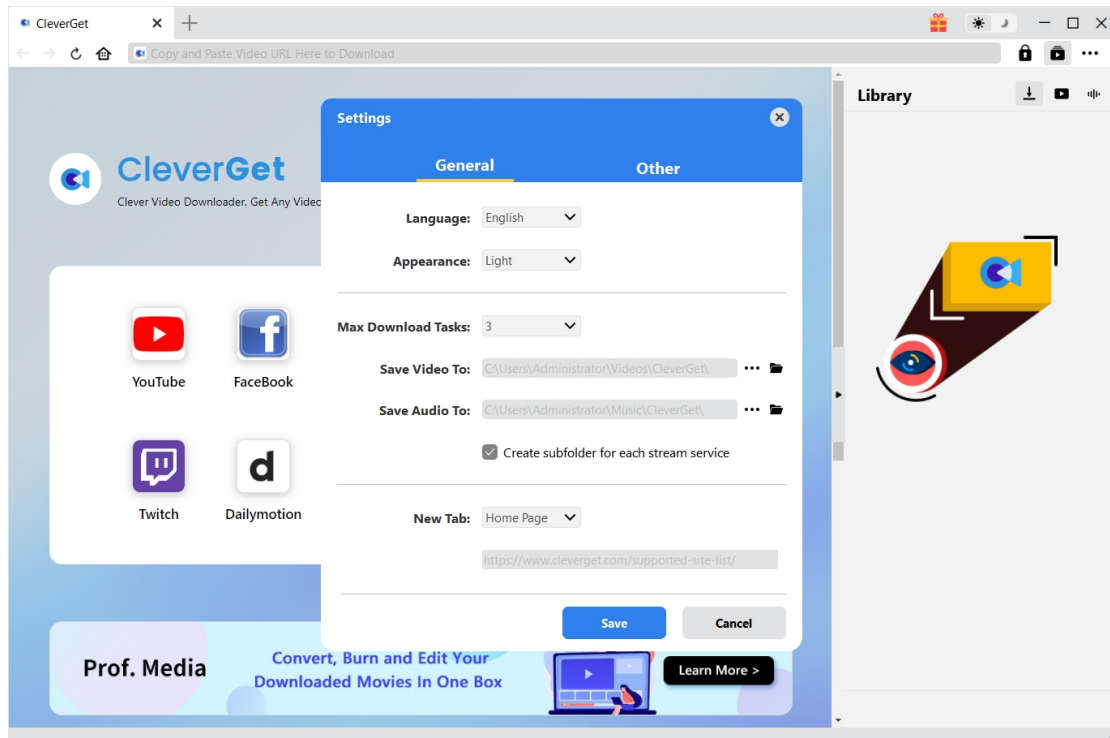

There are several tabs in the settings panel. Here we introduce them one by one.

General tab

In the "General" tab, you can find almost all basic settings that you may need. Here we have:

1. **Language.** You can change interface language in this section, where 5 languages are selectable.
2. **Appearance.** It allows you to convert between light and dark mode and you are able to change it directly with "Light/Dark Mode" icon  on the main page.
3. **Max Download Tasks.** Ranging from 1 to 5, maximum volume of download tasks are changeable.
4. **Save Video To.** Change output video files location.
5. **Save Audio To.** Change output audio files location.
6. **Create subfolder for each stream service.** Downloaded videos will be placed in different subfolders according to stream services.
7. **New Tab.** Choosing to open a new tab to default page, blank page or custom page is available

in this section.

Other tab

Other tab includes “Automatic Update” feature and you can click to open or close. If you enable “Automatic Update”, set frequency that you suppose CleverGet to check for update with in “Check the Update”.
